Gozik,Heather Barclay Hamir,2023-07-03 Co published with While education abroad including studying volunteering researching and interning abroad is increasingly emphasized as a critical factor in preparing undergraduates for a globally interconnected world diversifying the pool of participants in such activities has proven challenging Framed within the concept of inclusive excellence with the objective of promoting diversity inclusion and equity in higher education as foundational to educational excellence the contributors present research and practices that have been proven successful in improving participation among groups of students traditionally underrepresented in education abroad Broader participation in education abroad programming has been a perennial concern at numerous higher education institutions in the U S having prompted countless discussions in professional organizations and across campuses among faculty staff and students Many have come to recognize that overseas opportunities are no longer a luxury and instead are a necessity for job seekers entering a more diverse globally interconnected workplace The volume offers a combination of research based chapters and case studies from leading experts on the barriers that disproportionately impact specific groups of students including students with disabilities first generation college students

undocumented students racial and ethnic minorities science technology engineering and mathematics STEM majors and males The authors illuminate the issues which may inhibit education abroad participation from individual to institutional and present strategies reflecting a broad range of institutional contexts resources and needs While there has been significant discussion and action to promote broader inclusion in education abroad this is the first volume focusing on research and practice to achieve these ends and is intended as a critical resource for practitioners and scholars alike

Dear Dana Amy Weinland Daughters,2025-07-30 When Amy Daughters reconnected with her old pal Dana on Facebook she had no idea how it would change her life Though the two women hadn't had any contact in thirty years it didn't take them long to catch up and when Amy learned that Dana's son Parker was doing a second stint at St Jude battling cancer she was suddenly inspired to begin writing the pair weekly letters When Parker died Amy not knowing what else to do continued to write Dana Eventually Dana wrote back and the two became pen pals sharing things through the mail that they had never shared before The richness of the experience left Amy wondering something If my life could be so changed by someone I considered just a Facebook friend what would happen if I wrote all my Facebook friends a letter A whopping 580 handwritten letters later Amy's life and most of all her heart would never ever be the same again As it turned out there were actual individuals living very real lives behind each social media profile and she was beautifully connected to each of those extraordinary flawed people for a specific reason They loved her and she loved them And nothing not politics beliefs or lifestyle could separate them

The Privileged Poor Anthony Abraham Jack,2019-03-01 Getting in is only half the battle The struggles of less privileged students continue long after they've arrived on campus Anthony Jack reveals how and why admission to elite schools does not mean acceptance for disadvantaged students and he explains what schools can do differently to help the privileged poor thrive

Poison Ivy Evan Mandery,2025-03-18 Hailed as a staggering portrait of inequality in America Philip Dray *Poison Ivy* tells the bigger seedier story of how elite colleges create paths to admission available only to the wealthy despite rhetoric to the contrary In a lively and trenchant *Washington Monthly* account Evan Mandery a Harvard graduate and current professor at a public college that serves low and middle income students reveals how tacit agreements between exclusive Ivy plus schools and white affluent suburbs create widespread de facto segregation And as a college degree continues to be the surest route to upward mobility the inequality bred in our broken higher education system is now a principal driver of skyrocketing income inequality Mandery contrasts the lip service paid to opportunity by so many elite colleges and universities with schools that actually walk the walk Now in an accessible paperback format *Poison Ivy* is a no holds barred takedown Forbes that synthesizes fascinating insider information on everything from how students are evaluated unfair tax breaks and questionable fundraising practices to suburban rituals testing tutoring tuition schemes and more This bold provocative indictment of America's elite colleges shows us exactly what's at stake and what will be possible if we muster the collective will to transform it

The School-to-Prison Pipeline Nancy A. Heitzeg,2016-04-11 This book offers a research and

comparison driven look at the school to prison pipeline its racial dynamics the connections to mass incarceration and our flawed educational climate and suggests practical remedies for change How is racism perpetuated by the education system particularly via the school to prison pipeline How is the school to prison pipeline intrinsically connected to the larger context of the prison industrial complex as well as the extensive and ongoing criminalization of youth of color This book uniquely describes the system of policies and practices that racialize criminalization by routing youth of color out of school and towards prison via the school to prison pipeline while simultaneously medicalizing white youth for comparable behaviors This work is the first to consider and link all of the research and data from a sociological perspective using this information to locate racism in our educational systems describe the rise of the so called prison industrial complex spotlight the concomitant expansion of the medical industrial complex as an alternative for controlling the white and well off both adult and juveniles and explore the significance of media in furthering the white racial frame that typically views people of color as criminals as an automatic response The author also examines the racial dynamics of the school to prison pipeline as documented by rates of suspension expulsion and referrals to legal systems and sheds light on the comparative dynamics of the related educational social control of white and middle class youth in the larger context of society as a whole The

Schaffner, 2019-06-11 A probing and prescient consideration of writing as an instrument of punishment Writing tends to be characterized as a positive aspect of literacy that helps us to express our thoughts to foster interpersonal communication and to archive ideas However there is a vast array of evidence that emphasizes the counterbelief that writing has the power to punish shame humiliate control dehumanize fetishize and transform those who are subjected to it In Writing as Punishment in Schools Courts and Everyday Life Spencer Schaffner looks at many instances of writing as punishment including forced tattooing drunk shaming court ordered letters of apology and social media shaming with the aim of bringing understanding and recognition to the coupling of literacy and subjection Writing as Punishment in Schools Courts and Everyday Life is a fascinating inquiry into how sinister writing can truly be and directly questions the educational ideal that powerful writing is invariably a public good While Schaffner does look at the darker side of writing he neither vilifies nor supports the practice of writing as punishment Rather he investigates the question with humanistic inquiry and focuses on what can be learned from understanding the many strange ways that writing as punishment is used to accomplish fundamental objectives in everyday life Through five succinct case studies we meet teachers judges parents sex traffickers and drunken partiers who have turned to writing because of its presumed power over writers and readers Schaffner provides careful analysis of familiar punishments such as schoolchildren copying lines and more bizarre public rituals that result in ink covered bodies and individuals forced to hold signs in public Schaffner argues that writing based punishment should not be dismissed as benign or condemned as a misguided perversion of writing but instead should be understood as an instrument capable of furthering both the aims of justice and degradation Systemic Humiliation in America Daniel Rothbart, 2018-03-30 This volume

explores contemporary social conflict focusing on a sort of violence that rarely receives coverage in the evening news This violence occurs when powerful institutions seek to manipulate the thoughts of marginalized people manufacturing their feelings and fostering a sense of inferiority for the purpose of disciplinary control Many American institutions strategically orchestrate this psychic violence through tactics of systemic humiliation This book reveals how certain counter measures based in a commitment to human dignity and respect for every person's inherent moral worth can combat this violence

Rothbart and other contributors showcase various examples of this tug of war in the US including the politics of race and class in the 2016 presidential campaign the dehumanizing treatment of people with mental disabilities and destructive parenting styles that foster cycles of humiliation and emotional pain
