Manual of Reformed Stoicism Piotr Stankiewicz, 2020-06-02 This book is a manifesto of reformed Stoicism It proposes a system of life which is bullet proof universal viable and effective in every cosmic setting It holds in every possible universe under any government and within any economic system We can be reformed Stoics no matter what we believe in Reformed Stoicism is about enjoying and exercising our agency In other words it's about the flow of making autonomous and right decisions and about celebrating our ability to make them With no reliance on nature

with the recalibration of metaphysical positions with skepticism towards grand discourses and universal answers with an emphasis on the usefulness instead of truthfulness of narratives with no reference to the vanity argument with criticism of both conservative and ascetic misinterpretations of Stoicism with an overall softer and more empathic approach we can no longer be defined by the generic term Stoicism Our time in short calls for a fresh interpretation of Stoicism It is time for a new generation of Stoics Thus reformed Stoicism
