Leading Change in Teacher Education Thuwayba Al Barwani,Maria Assunção Flores,David Imig,2018-12-12 The international attempt to expand schooling despite dealing with an insufficient number of trained teachers has placed significant pressure on teacher education Continued effort to change all aspects of teacher education including ways of learning methods of practice institution interaction and assessment of teaching ability in order to fulfil the desire to offer inclusive and equitable teaching for all is a serious consideration In response to this increased attention on cross national campaigns Leading Change in Teacher Education features discussions covering what has been done how and why the change has happened the journey itself and the challenges encountered along the way alongside contributions from international academics who share their reflections and suggestions for a way forward despite a global shortage of teachers Strategies surrounding the design and delivery of education now centre on improving how teachers are prepared supported and evaluated Leading Change in Teacher Education captures the stories of international change leaders by Providing details of both the successes and challenges faced Presenting innovative practices in teacher education from around the world Describing the strategies put in place to ensure that teacher education is developing The topics discussed are relevant for educators policymakers and international organizations involved in the design and implementation of programmes in teacher education Leading Change in Teacher Education is also an invaluable resource for those looking to increase the changes occurring within teacher

education **Working With Students in Community Colleges** Lisa S. Kelsay, Eboni M. Zamani-Gallaher, 2023-07-03 Co published with This timely volume addresses the urgent need for new strategies and better ways to serve community colleges present and future students at a time of rapid diversification not just racially and ethnically but including such groups as the undocumented international students older adult learners and veterans all of whom come with varied levels of academic and technical skills The contributing researchers higher education faculty college presidents and community college administrators provide thorough understanding of student groups who have received scant attention in the higher education literature They address the often unconscious barriers to access our institutions have erected and describe emerging strategies frameworks and pilot projects that can ease students transition into college and through the maze of the college experience to completion They offer advice on organizational culture on defining institutional outcomes on aligning shifting demographics with the multiple missions of the community college on strengthening the collaboration of student and academic affairs to leverage their respective roles and resources and on engaging with the opportunities afforded by technology Divided into three parts understanding today s community college campuses supporting today s community college learners and specialized populations and communities this book offers a vision and solutions that should inform the work of faculty administrators presidents and board members To Know Her Own History Kelly Ritter, 2012-02-20 To Know Her Own History chronicles the evolution of writing programs at a landmark Southern women s college during the postwar period Kelly Ritter finds that despite its conservative Southern culture and vocational roots the Woman s College of the University of North Carolina was a unique setting where advanced writing programs and creativity flourished long before these trends emerged nationally Ritter profiles the history of the Woman s College first as a normal school where women trained as teachers with an emphasis on composition and analytical writing then as a liberal arts college She compares the burgeoning writing program here to those of the Seven Sisters Wellesley Smith Radcliffe Barnard Vassar Bryn Mawr and Mount Holyoke and to elite all male universities to show the singular progressivism of the Woman s College Ritter presents lively student writing samples from the early postwar period to reveal a blurring of the boundaries between creative and expository styles By midcentury a quantum shift toward creative writing changed administrators valuation of composition courses and staff at the Woman s College An intensive process of curricular revisions modeled after Harvard s Redbook plan was proposed and rejected in 1951 as the college stood by its unique curricula and singular values Ritter follows the plight of individual instructors of creative writing and composition showing how their compensation and standing were made disproportionate by the shifting position of expository writing in relation to creative writing Despite this unsettled period the Woman s College continued to gain in stature and by 1964 it became a prize acquisition of the University of North Carolina system Ritter s study demonstrates the value of local histories to uncover undocumented advancements in writing education offering insights into the political cultural and social conditions that influenced learning and methodologies at marginalized
