Understanding the Constitution David C. Gibbs III,Barbara Weller,2014-03-30 Little by little the freedoms envisioned by our Founding Fathers and those who struggled for independence are being stripped away The best guarantee that America s constitutional liberties will continue to be protected is to ensure that all citizens and especially our children clearly understand both what those freedoms are and who it is that gave them to us in the first place This book explains The biblical basis upon which America was founded The influence of Sir William Blackstone and English common law on America s legal system The miracle that happened at the Constitutional Convention The U S Constitution including all the amendments as well as several popular amendments that failed to be ratified The methods that have been

used to vastly expand the federal government's power since the Constitution's drafting. It also examines why John Adams, the second President of the United States, would write what he did in 1798. Our Constitution was made only for a moral and religious people. It is wholly inadequate to the government of any other. The book is a response to the challenge from one of our nation's great modern presidents. President Ronald Reagan issued on October 27, 1964: "You and I have a rendezvous with destiny. We will preserve for our children this, the last best hope of man on earth, or we will sentence them to take the first step into a thousand years of darkness. If we fail, at least let our children and our children's children say of us: 'We justified our brief moment here. We did all that could be done.' Don't miss the companion Study Guide for Understanding the Constitution. Available at www.NCLL.org Constitutional Law For Dummies Glenn Smith, Patricia Fusco, 2011-12-13. Discover the ins and outs of Constitutional law. Are you a student looking for trusted plain English guidance on the ins and outs of Constitutional law? Look no further. Constitutional Law For Dummies provides a detailed study guide tracking to this commonly required law course. It breaks down complicated material and gives you a thorough outline of the parameters and applications of the U.S. Constitution in modern, easy-to-understand language. Critical information on the Constitution's foundations, powers, and limitations. A modern analysis of the Constitution's amendments. Detailed information on the Supreme Court and federalism. Explaining outdated governmental jargon in current, up-to-date terms. Constitutional Law For Dummies is just what you need for quick learning and complete understanding. Students studying government will also find this to be a useful supplement to a variety of courses.
