 Comics

Editor: Lee Smith
 Director of Photography: Wally Pfister

Distribution/Studio Company: Warner Bros. Pictures, Legendary
 Pictures, and Syncopy
 MPAA Rating: PG-13
 Running Time: 152 minutes

Background and Introduction to The Dark Knight

The Dark Knight is a 2008 superhero film that is based on the DC Comics superhero Batman and is the sequel to *Batman Begins* (2005) and the second installment in *The Dark Knight Trilogy*. The plot follows the vigilante Batman, police lieutenant James Gordon, and district attorney Harvey Dent, who form an alliance to dismantle organized crime in Gotham City. Their efforts are derided by the Joker, an anarchistic mastermind, who seeks to test how far the Batman will go to save the city from chaos.

Warner Bros. Pictures prioritized a sequel following the successful reinvention of the Batman film series with *Batman Begins*. Christopher and *Batman Begins* co-writer David S. Goyer developed the story elements, making Dent the central protagonist as right up in the battle between the Batman and the Joker. In writing the screenplay, the Nolans were influenced by 1980s Batman comics and crime drama films, and sought to continue *Batman Begins*' heightened sense of realism. From April to November 2007, filming took place with a \$185 million budget in Chicago and Hong Kong, and on sets in England. *The Dark Knight* was the first major motion picture to be filmed with high-resolution IMAX cameras. Christopher avoided using computer-generated imagery unless necessary, insisting on practical stunts like blowing up a factory.

When it was released in July, *The Dark Knight* received acclaim for its mature tone and themes, visual style, and performances—particularly that of Ledger, who received many posthumous awards, making *The Dark Knight* the first comic-book film to receive major industry awards. It broke several box-office records and became the highest-grossing 2008 film, the fourth-highest-grossing film of its time, and the highest-grossing superhero film. Since its release, *The Dark Knight* has been awarded as one of the greatest superhero films ever made, one of the best movies of the 2000s, and one of the best films ever made. It is considered the "blueprint" for many modern superhero films, particularly for its rejection of a typical comic-book movie style in favor of a crime film that features comic-book characters. Many filmmakers sought to reject its success by emulating its gritty, realistic tone. *The Dark Knight* has been analyzed for its themes of terrorism and the limitations of morality and ethics. The United States Library of Congress selected it for preservation in the National Film Registry in 2009. A sequel, *The Dark Knight Rises*, concluded *The Dark Knight Trilogy* in 2012.
