The Handbook is designed to help psychology educators at each stage of their careers from teaching their first courses and developing their careers to serving as department or program administrators. The goal of the Handbook is to provide teachers, educators, researchers, scholars, and administrators in psychology with current practical advice on course creation, best practices in psychology pedagogy, course content recommendations, teaching methods, and classroom management strategies, advice on student advising and administrative and professional issues such as managing one's career, chairing the department, organizing the curriculum, and conducting assessment among other topics.
