institutions it is obvious to those that are truthful that something is woefully wrong The exceptions only confirm that capability is not the issue The issue is that too many are plagued by poor self images a lack of positive culture that encourages growth and development poor food habits and the confusion of living in a world where one is bombarded with too many negative images of self on a daily and consistent basis This negative sense of self tend to begat negative behavior patterns This is a direct manifestation of undiagnosed and untreated post slavery syndrome This is a direct product of Willie Lynch s teachings which in general was to break the male create a negative imbalance between the male and female by destroying the Black males ability to provide and protect Instill the female with fear for the safety of her children especially her sons which intern limits the range of their vision activity and reach This fear would serve as a debilitating governor that would freeze the confidence of generations and render those affected in their place This system was designed to be self imposed from one generation to the next This book is designed to reverse at the root the thinking that binds too many Blacks in their place Many would choose to condemn this work because of some of the content and it s source but they don t know the history and they don t realize the psychological damage done to Blacks living under racism
