Wilbanks,1996 Re Creating America explores U S immigration and refugee policy from a Christian perspective What are the contributions that Christian communities can make to public discourse and decision making This book does not presume that Christian ethics leads directly to policy solutions It does maintain that Christians can bring an orientation to migration issues that is significant for shaping the policies of the national community The argument of the book leads to support for generous admission policies with preferential provisions for those in greatest need for a place of safety and opportunity Books Out Loud ,2007 *Presenting America's World* Tamar Y. Rothenberg,2016-12-05 National Geographic magazine is probably the most visible and popular expression of geography in the USA Presenting America s World presents a critical analysis of the world portrayed by National Geographic from its formative years in the nineteenth century through to 1945 It situates the National Geographic Society s development within the context of a new American overseas expansionism interrogates the magazine as America s ubiquitous source of wholesome exotica and erotica examines the ways in which it framed the world for its millions of readers and questions its participation in the cultural work of US global hegemony The book argues that National Geographic successfully employed strategies of innocence a contradictory stance of representation which simultaneously asserts innocence either the innocence of just watching or the innocence of altruistic behaviour while naturalizing Western hegemony Presenting America s World

not only considers the world that National Geographic presented to its readers but also examines the magazine's own institutional world of writers, photographers, and editors. Particular attention is paid to Gilbert H. Grosvenor, the magazine's editor for over 50 years; Maynard Owen Williams, a writer and photographer who worked on nearly 100 articles from 1919 to 1960; and Harriet Chalmers Adams, a freelancer, explorer, and Pan American activist who contributed 21 articles.

The Americanization of the Apocalypse Donald Harman Akenson, 2023 In *The Americanization of the Apocalypse: Creating America's Own Bible* Donald Harman Akenson examines the creation and spread of Dispensationalism, a belief system that produced *The Scofield Reference Bible*, the ur-text of American apocalyptic evangelicalism.
