Hunter, 2022-09-30 With *Speech Is My Hammer* Max Hunter draws on memoir and his own biography to call his readers to reimagine the meaning and power in literacy Defining literacy as a spectrum of skills abilities attainments and performances Hunter focuses on dispelling literacy myths and discussing how Black male artists entertainers professors and writers have described their own literacy narratives in self conscious ambivalent terms Beginning with Frederick Douglass s *My Bondage My Freedom* W E B Dubois s *Soul of Black Folks* and Langston Hughes s *Harlem Renaissance* memoir *The Big Sea* Hunter conducts a literary inquiry that unearths their double consciousness and literacy ambivalence He moves on to reveal that for many contemporary Black men the arc of ambivalence rises even higher and becomes more complex following the civil rights and the Black Power movements and then sweeping sharply upward once again during the War on Drugs Hunter provides rich illustrations and probing theses that complicate our commonsense reflections on their concealed angst regarding Black authenticity respectability politics and masculinity *Speech Is My Hammer* moves the reader beyond considering literacy in

Then why is most people's spirituality whether Buddhist, Christian or Jewish completely cut off from their body? In this provocative and groundbreaking book you'll discover that enlightenment comes not from out there but from a deep understanding of our own personal biology. Using the Four Foundations of Mindfulness, a traditional Buddhist meditation, Nisargadatta Maharaj shows how cutting-edge science is proving the tenets first offered by the Buddha. And he provides a practical program complete with meditations and exercises that enables readers to become mindful of the origins of emotions, desires, and thoughts. One of the great synthesizers of East and West, Nisargadatta shows how to incorporate the traditional understanding of the Buddha with the latest scientific discoveries while on our spiritual journey. He shows that we are not separate from nature and the evolving universe. The way to enlightenment lies within our very biology. Most important, Nisargadatta offers a practical program complete with meditations and exercises so readers can take their own evolutionary journey into their bodies to find the origins of emotions, desires, and thoughts. Nisargadatta provides a liberating way for each of us to incorporate into our lives the understanding proven by the latest scientific evidence and foretold in the great traditional teachings of the Buddha: that we are not separate from nature and the evolving universe. Our biology is not our destiny but our way to enlightenment.
