All of the following are fundamental guidelines included in the Individuals with Disabilities Education Improvement Act (IDEA 2004) EXCEPT

- (A) children with disabilities must be given the opportunity to receive a free, appropriate education
- (B) assessments must include the use of multiple evaluative procedures
- (C) parental consent is required before any assessment activities can take place
- (D) institutions are financially responsible for all testing that occurs - Answer-(D). Under IDEA, academic institutions are financially responsible only for testing that they request. Parent requests are evaluated on a case-by-case basis and, typically, the financing is the parents' responsibility.

A local school district decides to implement an anti-bullying program. At the beginning of the school year, the district holds an assembly to talk about the new policies in place to prevent bullying from occurring on campus. The assembly represents which of the following types of intervention?

- (A) Primary (B) Secondary (C) Tertiary (D) Behavioral - Answer-(A). This is a primary intervention because it occurs at the beginning of the school year and is designed to stop a problem before it even begins. Secondary and tertiary prevention occur after a problem has already developed.

When working with students who have disabilities, a professional school counselor should communicate with outside doctors and therapists to enhance school-based services. By doing so, the counselor is taking on the role of

- (A) investigator (B) collaborator (C) enabler (D) coordinator - Answer-(B). Other professionals, school-based or not, can provide valuable tools and even key phrases that can help to develop treatment goals and plans to help students with disabilities succeed socially and emotionally.

Ms. Reger has 10 students from the same class referred to her anger-management group. She decides to use the opportunity to evaluate the effects of her favorite small-group anger-management program. She plans to use all 10 students in her experiment. Given the information provided, her sampling method is best described as

- (A) cluster (B) convenience (C) quota (D) simple random - Answer-(B). Convenience sampling is when a sample is chosen based on availability or convenience. The students in this study were already referred, so they were an easy group to use
