Grafton Elliot Smith,1928 *The Beginnings of Civilization (Classic Reprint)* Charles Woodward Hutson,2017-11-19 Excerpt
from The Beginnings of Civilization It may not be amiss to tell how I came to write this little book Works so much more
scholarly appearing from time to time on one or another branch of the theme here discussed some persons may be disposed
to regard my venture as superfluous if not presumptuous But the fact is I have sought in vain for a work even professing to
cover just the field which it has been my aim to prepare for the use of the reader In trying to give my history classes some
idea of the state of humanity before the dawn of history I have found myself compelled to draw one set of facts from the
geologists and archaeologists another from the students of myths and folk lore another from the special students of language
and race and another from the very negations of the antagonists of each or all of these classes of scientific workers About the
