Robert Atwan, 2008 **Less is More** Kimberly Campbell, 2007 *Less Is More* is full of powerful ideas for teaching with short provocative text. This book broadens and extends our available teaching tools and materials and can help engage all students. It is a valuable resource for language arts teachers. Cris Tovani: Language arts teachers want all of their students to love literature and embrace the novels they assign. The classroom reality is that many students are not ready or motivated to immerse themselves in an entire novel. In order to reach and engage all students, teachers need to look beyond novels alone and embrace a richer variety of literature. In *Less Is More*, Kimberly Hill Campbell draws on research as well as her own classroom experiences to show how short texts engage a wide range of middle and high school students. She shares her discovery of the power of short texts to support her students' skills as readers, writers, and students of literature. Kimberly shows how short texts can be integrated into the curriculum without sacrificing required novels. Chapters examine different genres of short text such as short stories, essays, memoir, and graphic novels. Each chapter provides reading, writing, and response strategies as well as a broad selection of short text resources that have proven effective with a wide range of students.

The Oxford Encyclopedia of American Literature Jay Parini, 2004 *The Encyclopedia of American Literature* gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present. At the core of the *Encyclopedia* lie 250 essays on poets, playwrights, essayists, and novelists. Figures such as Whitman, Melville, Faulkner, Frost, and Morrison are discussed in detail with each examined in the context of his or her times, an assessment of the writer's current reputation, a bibliography of major works, and a list of major critical and biographical works about the writer. Fifty entries on major works such as *Moby Dick*, *Song of Myself*, *Walden*, *The Great Gatsby*, *The Waste Land*, *Their Eyes Were Watching God*, *Death of a Salesman*, and *Beloved* place the work in its historical context and offer a range of possibilities with regard to critical approach. The *Encyclopedia* also contains essays on literary movements, periods, and themes, pulling together a broad range of information and making connections between them. Each entry has its own primary and annotated secondary bibliography, and a system of cross references helps readers locate information with ease. *The Encyclopedia of American Literature* is an outstanding reference source for students studying authors or particular pieces of literature, libraries looking for one comprehensive source, and readers interested in American literature, its authors, and its connection with various areas of study.

Dialogue and Critical Discourse Michael Macovski, 1997-08-07 This interdisciplinary volume of collected mostly unpublished essays demonstrates how Mikhail Bakhtin's theory of dialogic meaning and its subsequent elaborations have influenced a wide range of critical discourses. With essays by Michael Holquist, Jerome J. McGann, John Searle, Deborah Tannen, Gary Saul Morson, Caryl Emerson, Shirley Brice Heath, Don H. Bialostosky, Paul Friedrich, Timothy Austin, John Farrell, Rachel May, and Michael Macovski, the collection explores dialogue not only as an exchange among intratextual voices but as an extratextual interplay of historical influences, oral forms, and cultural heuristics as well. Such approaches extend the implications of dialogue beyond the boundaries of literary theory to anthropology.
