Metamodern Leadership James Surwillo, 2017-07-11 **Metamodern Leadership** outlines the seven values that identify the character of our future leaders based on the circumstances that make the Millennial Generation who they are. It is at once an attempt to implore youth to seize their potential by tying their values to

ancient wisdom as well as a warning to everyone else to understand the impacts of disregarding the inevitable tendencies of a very distinct new demographic This is the untold story of the personal responsibility required of the Millennial Generation against the messaging and memes that portray them as entitled and lazy It is an optimistic and pragmatic interpretation on the leadership mandates in the near future The ancient virtue of leadership required broad knowledge as the basis for critical thinking and self examination The late twentieth century required myopic versions of leadership which neglected the truths of centuries of wisdom Our younger generations will lead and follow based on new foundations that seem counterintuitive to most yet will be the status quo within a decade This distinction will lead to pragmatism and problem solving for the future rather than the dogma and gridlock of today We will require a generation of leaders who can once again link the complexities of the future with the ancient wisdom of progress

Trailblazers in Economics Mathew Forstater,2014-12-15 In our increasingly interconnected world economics has become an ever more powerful integrated and dynamic force In other words what happens in Vegas doesn t stay there anymore In fact decisions made by economists in London or Shanghai may well determine the fate of savings accounts for people in Montreal Manhattan and Mogadishu As economics is an admittedly complicated social science this book uses biography as a teaching tool profiling the most important economists because often the best way to begin understanding a complicated and important field is by reading about the people behind the ideas

Orientation for Leaders Andreas Gorbach,Julia

Dannath-Schuh,Franziska Cusumano,2019-04-18 The increase in volatility uncertainty complexity and ambiguity in business and society is confronting many managers with the question of which skills they need to adapt or relearn to act effectively as managers in the future The authors show you that the key to this does not lie in the learning of new management concepts On the contrary effective leadership is much more about homing in and focusing on what has not changed namely the core attitudes and patterns of action inherent in human beings Content Leadership as a transformation process A basic framework of patterns of action as a basis for effective leadership and personality growth Morality as the inner orientation and basis for economically sustainable leadership Courage as a catalyst
