MARCOS BETRAYAL: THE HUNTER AND THE ORB MJ Anand,2021-07-11 The Himalayas have saved India from many invasions but when a veteran Border Intelligence Officer dies a cold death in the deep mountains the intelligence establishment is sent into a tizzy The information he extracted before dying confirms their worst nightmares Little do they know it s just the beginning of a covert invasion that would change the Asian intelligence order forever At a time when the Indians are trying to recover from the deadly Mumbai attacks a more sinister plan is put into motion The Indians call upon their best and so Abhimanyu finds himself pulled from his honeymoon His personal life has been put on hold once again From the high Himalayan mountain passes to the endless horizons of Thar the leads take him to a point of no return He wanted to retire soon but the call of duty stretches him once again While the enemy remains elusive the possibility of a mole troubles him even more Will he lose himself before he finds the truth or will he let the truth find him and kill him

Marcos Betrayal MJ Anand,2023-03-09 It is not the enemy you see but the one you don t that frightens you more Unlike the hot bullets that tear through the muscles cold winds of spy craft crawl under your skin and create wounds that eat you hollow Before you realise the walls are closing in on you and it s already too late Abhimanyu had found the lead that could help him uncover those wounds soon or so he thought It didn t matter for the lead died before Abhimanyu could make his move The Orbs have surrounded the Indians and they are yet to realise it Meanwhile

the special forces have put everything on line to get their hands on another lead which could help them avert a deadly covert invasion Lo and behold they escape death and have their firm grip on the lead that can solve their problems or so they think again In this cat and mouse game with a nameless enemy the Indians struggle to keep up Will they find the secrets of the Orbs or let the Orbs encircle them beyond rescue *Robert Ludlum's (TM) The Bourne Objective* Eric Van

Lustbader,2010-06-01 New York Times bestselling author Eric Van Lustbader returns with another Jason Bourne thriller as he spars off against another deadly agent and he might be the perfect match for Bourne Facing down mercenaries in Africa Jason Bourne witnesses the death of an art dealer named Tracy Atherton Her killing dredges up snatches of Bourne s impaired memory in particular the murder of a young woman on Bali who entrusted him with a strangely engraved ring an artifact of such powerful significance that people have killed to obtain it Now he s determined to find the ring s owner and purpose But Bourne never knows what terrible acts he ll discover he committed when he digs into the past The trail will lead him through layers of conspiracy to a vicious Russian mercenary Leonid Arkadin who was also a graduate of the Central Intelligence training program Treadstone A covert course designed to create ruthless assassins for C I it was shuttered by Congress for corruption Yet before it was dismantled it produced Bourne and Arkadin giving them equal skills equal force and equal cunning As Bourne s destiny circles closer to Arkadin s it becomes clear that the eventual collision of these men is not of their own making Someone else has been watching and manipulating them Someone who wants to know Who is the more deadly agent

Siahaan,2019-08-03 This book is comprised of a compendium of summaries from all novels that I have read for almost twelve years Obviously the summaries have been documented on my blog since 2016 and seemingly in my opinion it is better bundled in a book form since the statistic views show that the classic fictions are those among most read so I rose to comply with that demand The purpose for which I devote myself to compose 85 summaries is to provide quick reading for novel readers and students Numerous genres are presented because I am quite concious those will bequeath you an imaginative horizon As a work of art many of them transcend their expiatory aspects And still more important to us than scientific

significance and literary worth is the inspirational impact those novels have on serious readers Finally happy reading and I hope you will find this book useful Robert Ludlum's (TM) The Bourne Initiative Eric Van Lustbader,2017-06-13 Jason Bourne returns in this stunning new thriller from Eric Van Lustbader continuing Robert Ludlum s classic series General Boris Karpov head of the feared Russian FSB is dead But Karpov has reached out from the grave with an unstoppable cyber operation he conceived before his murder aimed at the heart of the United States a way to steal the president s nuclear launch codes Who has taken over the operation Karpov trusted only one man Jason Bourne But can Bourne be working against his own country The U S Government is convinced of his treason and is doing everything in its power to kill him Flushed from cover and gravely wounded Bourne s only hope is to join forces with his bitterest enemy a powerful Somali terrorist named Keyre and his protoge the Angelmaker If he hopes to survive Bourne has no choice but unravel the mystery of Karpov s last legacy a weaponized code that may bring about the unthinkable a violent end to America **On Film** Stephen Mulhall,2015-12-14 The first edition of Stephen Mulhall s acclaimed On Film was a study of the four Alien films and made the highly original and controversial argument that films themselves can philosophise In its second edition On Film increased its breadth and vision considerably to encompass films such as the Mission Impossible series and Steven Spielberg s Minority Report In this significantly expanded third edition Stephen Mulhall adds new chapters on the Jason Bourne films the fourth Mission Impossible movie JJ Abrams Star Trek and Star Trek Into Darkness and Ridley Scott s Prometheus in which he returns to the Alien universe he created In so doing Mulhall reappraises in fascinating ways the central issues taken up in earlier editions of On Film the genres of science fiction and thriller the impact of digital as opposed to photographic modes of technology on the nature of cinema as a medium and its relation to television and the fate of sequeldom in mainstream contemporary cinema with its emphasis on remakes reboots and multi media superhero franchises On Film third edition is essential reading for anyone interested in philosophy film theory and cultural studies and in the way philosophy can enrich our understanding of cinema Leonard Maltin's 2009 Movie Guide Leonard Maltin,Luke Sader,Mike Clark,2008 Offers readers a comprehensive reference to the world of film including more than ten thousand DVD titles along with information on performers ratings running times plots and helpful features
