[The Complete Lilith's Brood Series](#) Octavia E. Butler, 2023-11-14 From the award winning author of Parable of the Sower this revelatory post apocalyptic series thoughtfully explores themes of gender race and power amidst times of crisis and change Dawn When Lilith lyapo wakes from a centuries long sleep she finds herself aboard the vast spaceship of the Oankali She discovers that the Oankali a seemingly benevolent alien race intervened in the fate of the humanity hundreds of years ago saving everyone who survived a nuclear war from a dying ruined Earth and then putting them into a deep sleep After learning all they could about Earth and its beings the Oankali healed the planet cured cancer increased human strength and they now want Lilith to lead her people back to Earth but salvation comes at a price Hopeful and thought provoking this post apocalyptic narrative deftly explores gender and race through the eyes of characters struggling to adapt during a pivotal time of crisis and change Adulthood Rites In the future nuclear war has destroyed nearly all humankind An alien race intervenes saving the small group of survivors from certain death But their salvation comes at a cost The Oankali are able to read and mutate genetic code and they use these skills for their own survival interbreeding with new species to constantly adapt and evolve They value the intelligence they see in humankind but also know that the species rigidly bound to destructive social hierarchies is destined for failure They are determined that the only way forward is for the two races to produce a new hybrid species and they will not tolerate rebellion Akin looks like an ordinary human child But as the first true human alien hybrid he is born understanding language then starts to form sentences at two months old He can see at a molecular level and kill with a touch More powerful than any human or Oankali he will be the architect of both races future But before he can carry this new species into the stars Akin must reconcile with his own heritage in a world already torn in two Imago Since a nuclear war

decimated the human population the remaining humans began to rebuild their future by interbreeding with an alien race the Oankali who saved them from near certain extinction The Oankalis greatest skill lies in the species ability to constantly adapt and evolve a process that is guided by their third sex the ooloi who are able to read and mutate genetic code Now for the first time in the humans relationship with the Oankali a human mother has given birth to an ooloi child Jodahs Throughout his childhood Jodahs seemed to be a male human alien hybrid But when he reaches adolescence Jodahs develops the ooloi abilities to shapeshift manipulate DNA cure and create disease and more Frightened and isolated Jodahs must either come to terms with this new identity learn to control new powers and unite what s left of humankind or become the biggest threat to their survival
