Timbs John Timbs,1839 Translating Style Tim Parks,2014-06-03 Arising from a dissatisfaction with blandly general or abstrusely theoretical approaches to translation this book sets out to show through detailed and lively analysis what it really means to translate literary style Combining linguistic and lit crit approaches it proceeds through a series of interconnected chapters to analyse translations of the works of D H Lawrence Virginia Woolf James Joyce Samuel Beckett Henry Green and Barbara Pym Each chapter thus becomes an illuminating critical essay on the author concerned showing how divergences between original and translation tend to be of a different kind for each author depending on the nature of his or her inspiration This new and thoroughly revised edition introduces a system of back translation that now makes Tim Parks highly praised book reader friendly even for those with little or no Italian An entirely new final chapter considers the profound effects that globalization and the search for an immediate international readership is having on both literary translation and literature itself **Ascribe to the Lord** Peter C. Virgil's Epic Designs Michael C. J. Putnam, 1998-01-01 This book by one of the preeminent Virgil scholars of our day is the first comprehensive study of ekphrasis in Virgil's final masterpiece the Aeneid Virgil uses ekphrasis a self contained aside that generates a pause in the narrative to describe a work of art or other object to tell us something about the grander text in which it is embedded says Michael C J Putnam Individually and as a group Virgil's ekphrases enrich the reader's understanding of the meaning of the epic Putnam shows how the descriptions of works of art and of people places and even animals provide metaphors for the entire poem and reinforce its powerful ambiguities Putnam offers insightful analyses of the most extensive and famous ekphrases in the Aeneid the paintings in Juno's temples in Carthage the Daedalus frieze and the shield of Aeneas He also considers shorter and less well known examples the stories of Ganymede the Trojan shepherd swept into the sky by an amorous Jupiter the fifty daughters of Danaus ordered by their father to kill their husbands on their wedding night and Virgil's original tale of a domesticated wild stag whose killing sparks a war between Trojans and Italians These ekphrases incorporate major themes of the Aeneid an enduring formative text of the Western tradition and provide a rich variety of interpretive perspectives on the poem
