Gender in the European Town Deborah Simonton, 2022-12-30 Moving from the mid seventeenth century to the near present this book marks physical and conceptual changes across European towns and examines how gender was implicated and imbricated in those changes As places which fostered and disseminated key social economic political and cultural developments towns were central to the creation of gendered identities and the transmission of ideas across local national

and transnational boundaries From 1650 to 2000 towns grew rapidly and responded to the needs for new infrastructures physical reconfiguration and ideas of citizenship Gender relations vary over space and time and are continually altering such variation underlines the need for a thorough non or even anti essentialism Drawing primarily on three themes of economy civic identity and uses of space the volume shows that urban development and responses to it is not gender neutral and thus argues for the fundamental importance of a gendered perspective Gender in the European Town is a useful resource for all students and scholars interested in urban history and its interaction with gender from 1650 to the present **Journal of the Town Planning Institute** Town Planning Institute (London, England),1929 Includes Proceedings of the Institute s meetings **Index to Theses with Abstracts Accepted for Higher Degrees by the Universities of Great Britain and Ireland and the Council for National Academic Awards** ,2008 A Biographical Dictionary of Civil Engineers in Great Britain and Ireland: 1500-1830 A.
