Submissive Training Vol. 2 Elizabeth Cramer,2015-03-06 Whether you have always dreamed about life in a collar or just discovered a desire to be sexually adventurous there is a place for you in the fetish world of submission The culture of kink once thought to be limited to couples who wore leather pants and played slap and tickle in the bedroom has grown into a varied and well defined umbrella for sexual identity Because fetish culture like all cultures grows and changes with the people who practice it there are distinct roles and categories that developed to help women define their preferences and find like minded people and playmates Women in BDSM relationships no longer have to start with the basic tenets of submission to wrap that skin around their differences Now you can look into the whole spectrum of submissive behavior and find the place you feel most fulfilled and comfortable From women who enjoy the occasional bondage session handcuffed to their headboard to the girls who want to be fed out of a bowl and locked in a crate at night there is a place for everyone In this Submissive Training guide we will look at twelve subcultures of submission including the New Misogyny explaining the overall principles and practices of each one and illustrating the pros and cons inherent in each style of sexual diversity All people are different and you may not find one that covers everything you like or don't like but chances are you'll see something in one of these subcultures that makes you say That's what I want **Guide to BDSM** Donna Prince,2020-04-16 You or your partner are fascinated by BDSM but don't know how and where to start Everything you need to know you will find it in this book Most of what people think about BDSM is wrong In reality BDSM is not degrading women or men and you will also understand that it's not as obscure as you think And also the concept of pain we are talking about is not what people think You will also understand that having the role of the Dom is not just about having pleasure on the contrary the Dom has the role of giving pleasure and discipline to the submissive He must have pleasure in giving pleasure and not simply receiving what he wants This book is intended for both Dominant and Submissive training It's also perfect for those who haven't experience in this world This is a taste of what you will find in this book What is BDSM and Why Introducing BDSM to your Partner What is Domination and Submission 8 Tips on how to get Started in BDSM 7 Mistakes New Submissives Make 10 must have BDSM Toys for Beginners Bondage play Punishments Examples Types of Consents SSC vs RACK Dominance Techniques Role Play types SAFE WORDS how to Choose them and why After reading this book you will have
