The Book Against God A Novel:

The Book Against God James Wood, 2003 Publisher Description *The Book Against God* James Wood, 2025-06-25 A Passionate Profoundly Funny First Novel from the Best Literary Critic of His Generation Adam Begley Financial Times Thomas Bunting the charming chaotic and deeply untruthful narrator of James Wood's wonderful first novel is in despair His marriage is disintegrating and his academic career is in ruins instead of completing his philosophy Ph D still unfinished after seven years he is secretly writing what he hopes will be his masterwork a vast atheistic project he has privately entitled *The Book Against God* But when his father suddenly falls ill Thomas returns to the tiny village in the north of England where he grew up and where his father still works as a parish priest There Thomas hopes he may finally be able to communicate honestly with his father a brilliant and formidable Christian example and sort out his own wayward life But Thomas is a chronic liar as well as an atheist and he finds instead that once at home he soon reverts to the evasive patterns of his childhood years with disastrous results The story of a husband and wife a father and son faith and disbelief and a hero who couldn't tell the truth if his life depended on it *The Book Against God* is at once hilarious and poignant it introduces an original comic voice edgy elegiac lyrical and indignant and in the irrepressible Thomas Bunting one of the strangest philosophers in contemporary fiction

The Collar Sue Sorensen, 2014-12-25 Combining thematic analysis and stimulating close readings *The Collar* is a wide ranging study of the many ways heroic or comic shrewd or dastardly in which Christian clergy have been represented in literature from George Herbert and Laurence Sterne via Anthony Trollope G K Chesterton T S Eliot and Graham Greene to Susan Howatch and Robertson Davies and in film and television such as *Pale Rider* *The Thorn Birds* *The Vicar of Dibley* and *Father Ted* Since all Christians are expected to be involved in ministry of some type the assumptions of secular culture about ministers affect more than just clergy Ranging across several nations particularly Britain the U S and Canada denominations and centuries *The Collar* encourages creative and faithful responses to the challenges of Christian leadership and develops awareness of the times when leadership expectations become too extreme Using the framework of different media to make inquiries about pastoral passion frustration and fallibility Sue Sorensen's well informed sprightly and perceptive book will be helpful to anyone who enjoys evocative literature and film as well as to clergy and those interested in practical theology

Literature and Religious Experience Matthew J. Smith, Caleb D. Spencer, 2022-01-13 This book challenges the status quo of studies in literature and religion by returning to experience as a bridge between theory and practice Essays focus on keywords of religious experience and demonstrate their applications in drama fiction and poetry Each chapter explores the broad significance of its keyword as a category of psychological and social behavior and tracks its unique articulation by individual authors including Conrad Beecher Stowe and Melville Together the chapters construct a critical foundation for studying literature not only from the perspectives of theology and historicism but from the ways that literary experience reflects reinforces and sometimes challenges religious experience

Literary Secularism Amardeep Singh, 2008-12-18 Literary Secularism Religion and Modernity in Twentieth Century Fiction shows the path to secularization in the modern novel in comparative perspective Writers as diverse as George Eliot James Joyce Salman Rushdie Orhan Pamuk Taslima Nasrin and James Wood have all struggled with religious orthodoxy in their personal lives and are some of the most important and representative secular writers in the modern world canon But their novels which are far more than mere anti religious manifestos directly reflect the continued power of religious communities and institutions in the modern world While religion is in a very real sense displaced from epistemological centrality in modernity all of these writers suggest that religious texts rituals and communities have a force that is in George Eliot's words still throbbing in modern life In a series of close readings *Literary Secularism* argues that the intimate often deeply ambivalent representation of religion is a key feature of modern writing and is central to the larger intellectual and historical project of modernity *Literary Secularism* is then a complex literary ethos which impinges as much on style language and novelistic form as on theme The close readings here of novels such as George Eliot's *Daniel Deronda* Rabindranath Tagore's *Gora* James Joyce's *Ulysses* and Salman Rushdie's *The Satanic Verses* all hinge on the ambiguity of religious and secular discourses In some cases the ambiguity is expressed through the affective and embodied experience of the protagonists whose private subjectivity often conflicts with their public identities The conflict between present and private is also explored in a dedicated chapter on secularism and feminism in India as well as with regard to the global crisis of secularism that has emerged following the terrorist attacks of 9/11 While the particular experiences of the various narratives vary somewhat from author to author all of the authors in this study are interested in defining a way of being secular that no sociological or ideological formula can fully describe Correspondingly while works of literature are certainly artifacts marking key moments in the history of secularisation literature by itself doesn't produce secularism in either the cultural or the political context In arguing for the literary as a historically specific social and cultural mode of secularity *Literary Secularism* offers a unique perspective on the problem of secularisation that may be of interest to fields such as literary criticism religious studies the sociology of religion and political theory

Writing Against God Joanne Halleran McMullen, 1996 Readers approaching Flannery O'Connor's work without knowledge of her Catholicism may find little evidence of it in her fiction Yet readers who come to O'Connor's work with a prior awareness of her faith as evidenced for example in her essays and correspondence believe that her Catholicism suffuses every sentence of her fictional canon *Writing against God* explores the difficulty of reconciling O'Connor's private and public insistence on the importance of Catholicism in her work with the fiction her readers encounter on the printed page O'Connor's linguistic choices often move her fiction out of her control producing a message in conflict with the one she stated she intended Through a detailed examination of O'Connor's language in her two novels and in short stories that span her career McMullen exposes a pervasive spiritual environment often in opposition to the Roman Catholic tenets O'Connor professed Blending a reader

response approach with linguistic analysis Writing against God offers explanations for the mysteries surrounding and the mysteries within O'Connor's fiction Morals on the Book of Job: pt. 1. Part V and books XXVIII, XXIX Pope Gregory I, 1847

Redemption and the Merchant God Susan McReynolds Oddo, 2008 Dostoyevsky's antisemitism manifested in his writings of the 1870s seems to contradict his humanism and many critics have tended to dismiss it as a marginal detail of the writer's views Argues however that antisemitism held an important place in Dostoyevsky's ethical system and was linked to his vexed relationship with Christianity Notes that he staunchly held three ethical principles sanctity of children incompatibility of ethics with utilitarianism and calculation and the view that every kind of authority was bound by the same moral strictures as individuals Thus he could not accept a God who had sacrificed his son or a redemption brought about by the suffering of a child Jesus Dostoyevsky invented the image of a Jew onto whom he could project everything that was unacceptable to him in religion and Western ethics He considered the merchant ethics of both liberalism and socialism to be a Jewish idea and in particular regarded the politics of the Jew Disraeli as an embodiment of such ethics to sacrifice innocent Balkan Slavs in the name of supreme political principles In the 1870s Dostoyevsky increasingly contrasted the Russian conception of God and compassion for the weak with the Jewish Western merchant God and the idea of obtaining benefits for one person from the suffering of another innocent person He developed a conception of principal opposition between things Russian and things Jewish
