**The Brading Collection** Patricia Wentworth, 2014      **Mr. Brading's Collection** Patricia Wentworth, 2011-07-26 DIVA collector enlists Miss Silver's help when his valuable jewels attract criminal attention. He cannot say why but Lewis Brading is an uneasy man. A collector of valuable jewels, he has taken the utmost precautions to safeguard what is most precious to him. He houses his gems in a concrete annex protected by a reinforced steel door, the latest security system, and his own watchful eye. No one has a key but himself and his assistant, and he doesn't doubt that his servant will remain true. The man in his employ is a criminal, and if anything should happen to Brading or his gems, the police will look to him first. And yet he suspects something may be wrong. He consults Maud Silver, the demure detective, and she tells him to fire his assistant and send his collection to a museum. Ignoring her advice may be the last mistake Lewis Brading ever makes.

**Burial Plots in British Detective Fiction** Lisa Hopkins,2021-01-24 Burial Plots in British Detective Fiction offers an overview of the ways in which the past is brought back to the surface and influences the present in British detective fiction written between 1920 and 2020 Exploring a range of authors including Agatha Christie Patricia Wentworth Val McDermid Sarah Caudwell Georgette Heyer Dorothy Dunnett Jonathan Stroud and Ben Aaronovitch Lisa Hopkins argues that both the literal and literary disinterment of the past use elements of the national past to interrogate the present As such in the texts discussed uncovering the truth about an individual crime is also typically an uncovering of a more general connection between the present and the past Whether detective novels explore murders on archaeological digs hauntings cold crimes or killings at Christmas Hopkins explores the underlying message that you cannot understand the present unless you understand the past

Ocular Proof and the Spectacled Detective in British Crime Fiction Lisa Hopkins,2023-05-31 From *Sherlock Holmes* onwards fictional detectives use lenses *Ocular Proof and the Spectacled Detective in British Crime Fiction* argues that these visual aids are metaphors for ways of seeing and that they help us to understand not only individual detectives methods but also the kinds of cultural work detective fiction may do It is sometimes regarded as a socially conservative form and certainly the enduring popularity of Golden Age writers such as Christie Sayers Allingham and Marsh implies a strong element of nostalgia in the appeal of the genre The emphasis on visual aids however suggests that solving crime is not a simple matter of uncovering truth but a complex sophisticated and inherently subjective process and thus challenges any sense of comforting certainties Moreover the value of eye witness testimony is often troubled in detective fiction by use of the phrase the ocular proof whose origin in Shakespeare's *Othello* reminds us that *Othello* is manipulated by Iago into misinterpreting what he sees The act of seeing thus comes to seem ideological and provisional and Lisa Hopkins argues that the kind of visual aid selected by each detective is an index of his particular propensities and biases

fearsome robbery She doesn't know what to do until she learns that after she left the two men asked after her and learned about her special talent Now only the demure detective Maud Silver can halt the robbery and save Paulina's life
