Berkley, 2024-07-05 This insightful book explores the intersection of spirituality and leadership, examining cutting-edge research, theory, and practices that help build healthy and long-term effective leadership. Showcasing non-Western views of leadership across a range of backgrounds, the book looks at leadership styles that raise and expand consciousness to enable better problem-solving when addressing the complex challenges of organizations and societies. Across four sections, the book considers a myriad of themes from surrender to compassion, the dark and shadow side to the illuminating light of love, as well as offering a spotlight on individual leader development to highlight the role of the collective. Each chapter individually and collectively represents the essence of a profound shift in how leadership is approached in the 21st century. The volume offers a variety of viewpoints addressing this spiritual turn in leadership scholarship and provides leadership tools to assist leaders in honing their practices to address contemporary challenges and unleash their full potential. The Sacred in Fantastic Fandom Carole M. Cusack, John W. Morehead, Venetia Laura Delano Robertson, 2019-05-07 To the casual observer, similarities between fan communities and religious believers are difficult to find. Religion is traditional, institutional, and serious, whereas fandom is contemporary, individualistic, and fun. Can the robes of nuns and priests be compared to cosplay outfits of Jedi Knights and anime characters? Can travelling to fan conventions be understood as pilgrimages to the shrines of saints? These new essays investigate fan activities connected to books, film, and online games such as Harry Potter-themed weddings using *The Hobbit* as a sacred text and taking on heroic roles in *World of Warcraft*. Young Muslim women cosplayers are brought into conversation with Chaos
