What Got You Here Won't Get You There Marshall Goldsmith, Shane Clester, 2012 The corporate world is filled with men and women who have worked hard to reach upper level management They re intelligent skilled and even charismatic But only a handful of them will ever reach the pinnacle and as executive coach Marshall Goldsmith shows in this book subtle nuances make all the difference These are small transactional flaws performed by one person against another that using Goldsmith s straightforward jargonfree advice are easy behaviors to change *Summary of Marshall Goldsmith & Mark Reiter's What Got You Here Won't Get You There* Everest Media, 2022-05-27T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Some people have an internal compass that always points them in the right direction They not only navigate shopping malls but their school years careers marriages and friendships They are grounded and know who they are and where they re going 2 The problem is that people s inner compass of correct behavior has gone out of whack and they become clueless about their position among their coworkers I wish I could snap my fingers and make these people immediately see the need to change but I can t Instead I show them what their colleagues at work think of them 3 The most important thing I ve learned in my career is that a comma can ruin a sentence This book is about helping you deliver your lines in the workplace in the most effective way possible 4 You can get to a better place if you go there You have to understand that what got you here won t get you there You have to make the journey **What Got**
