Can Butterflies Cry ? Pam Mccagh, 2012-06 Can Butterflies Cry as written by Automatic Writing All of my books are written by automatic writing As I have explained in my first book Sleep never comes for those that did not reach the other side It was the beginning of an urge to fulfil an agreement to tell the stories of the lost souls to help them accept death and move on This book also includes stories from my childhood experiences and how and where I was when I first encountered my spirit friends and what I have learned from being their interpreter I asked my guide a long time ago Why do they come to me His answer was in simplicity They do not come to give you proof of life They come for you to give them life after life I am not the judge just the storyteller

Why Elephants Cry John T. Hancock, 2023-05-29 Why Elephants Cry is a fascinating frolic through the literature and evidence surrounding the use of unusual behavior of animals to measure and predict the environment The role of animals from the smallest ant to the biggest elephant as predictors of environmental changes is framed around the climate crisis which highlights the increasingly important part that animals will have to play in the future Renowned biologist Professor John T Hancock collects anecdotal stories and myths along with scientific evidence demonstrating that observation of animals can be of tangible use He looks at the measurement of the air temperature using ants crickets and snakes and goes on to assess the evidence that the observation of a wide range of animals can predict the weather or the imminent eruption of volcanoes and earthquakes Evidence of animals being able to predict lunar and solar events such as lunar cycles and the Northern Lights is also considered This is the only time that all this literature has been brought together in one place a fascinating reference for anybody interested in animals and the environment The book is also an ideal supplementary

appreciated the calm It s possible to read any of the three books in this set alone and follow the story line But don t cheat yourself read The Knowing and The Deceiving before you jump off into The Reckoning You won t regret it Phyllis W LOVED IT Again Ninie has not let me down Before I read book 3 I re read the first two again I was expecting to rush thru those because of knowing what happened NOT I enjoyed reading them again and picked up some points I didn t see the first time If you have not tried this author you really must Most of her books I would give 10 stars if I could You rock Ninie D Price This book is fairly fast paced which makes it hard to put down The fact that the action keeps you turning pages sometimes does cause me to get less sleep Then when I finally read the last page I am sorry that I read so quickly and that it is already over Kaye If you like fast paced action gut tying thrills and themes that will challenge everything you believe about yourself life and reality about good and evil and the whole nature of the universe The Reckoning is the book for you Exposing The Veil C.
