Angel to Watch Over Me Joan Wester Anderson,2012-03-01 Children are known to have wild imaginizations which explains why their stuffed animals talk and invisible friends get invited to tea parties So it s no wonder than when a child reports a personal encounter with an angel adults tend to dismiss it with a wry smile and say That s nice sweetie Why don t you go outside and play But Joan Wester Anderson says not so fast If Jesus himself taught that the kingdom of heaven belongs to children there s no reason in the world not to believe that God can reveal his love to little ones through angels In *An Angel to Watch Over Me* originally published by Random House in 1994 with sales of 150 000 copies Anderson shares more than 30 stories of children s experiences with celestial beings from a boy whose angels helps him conquer his fear of thunderstorms to a girl who is miraculously rescued from her burning home From angels who combat evil and darkness to angels who bring news of comfort and joy each of these accounts is grounded in traditional Christian belief eschewing any New Age interpretation of the events For all who are open to the possibility that even children can have authentic spiritual lives and that attaining a certain age is not a prerequisite for God to touch our lives in the form of heavenly helpers this book is sure to stir the soul and fan the faith Angelic Tails Joan Wester Anderson,2011-04-01 *Angelic Tails* is a collection of down to

earth true stories from ordinary people who believe that God has graced their lives through heavenly canine companions Each of the 30 stories challenges readers to reconsider their conception of angels from the story of a former Air Force colonel whose golden retrievers served as his heavenly helpers in the Colorado wilderness to the account of St John Bosco who for more than 30 years was protected by an angelic dog as he walked the dangerous city streets In the end for all who see through the eyes of faith this book is evidence that God can use even muddy paws and cold noses to fulfill his purposes in

our world **Where Angels Walk** Joan Anderson,1995-12 **The Secret Life of Angels** Ron Rhodes,2014-10-01 You've probably seen depictions of angels in popular TV shows and movies and you may have read about angel encounters. Curiously, however, these accounts often have little in common with the Bible's portrayal of angels. How can you tell what is real and what isn't? How can you separate fact from fiction? With this fascinating and inspirational guide, you'll journey through God's Word and discover who angels are, what they are like, and how they are involved in your life today. You'll also find solid biblical answers to such questions as: Where did angels come from? Are all angels good? Should we communicate with angels? Angels are active all around you, so that you can be certain. As you learn the truth about their secretive role in the world, you'll be encouraged to see the ways angels are indeed available to help us. [Where Angels Walk](#) Joan Wester Anderson,1993 A collection of true stories told by ordinary people who had found themselves in a time of need in the presence of a loving being.

Angel's Legacy Susan Farr Fahncke,2012-04 What would you do if this was your last year on earth? What if someone you couldn't live without had only one year? How would you live that year? We have all been impacted by cancer. Some of us have battled it. Others have fought alongside loved ones in their own battle. Angel was a warrior whose fight with cancer changed her for the better. With deep compassion and gratitude, Angel lived each day with great caring for others. Her joyous love for others and for life left a great many lessons for us all. Angel's Legacy is a finding of what really matters and also what doesn't. It is having peace amid pain. It is having faith despite fear and loving others above yourself. Angel's Legacy shows you how to live in happiness despite your own personal pain and challenges. Whether you are a caregiver, are fighting cancer, or simply love someone who is, Angel's Legacy is for you. Her story will lift you and find you asking yourself what will your legacy be.

Narrative Cultures and the Aesthetics of Religion Dirk Johannsen, Anja Kirsch, Jens Kreinath, 2020-01-29 Narrative Cultures and the Aesthetics of Religion presents the aesthetics of narrativity in religious contexts by approaching narrative acts as situated modes of engaging with reality, equally shaped by the immersive character of the stories told and the sensory qualities of their performances. Introducing narrative cultures as an integrative framework of analysis, the volume builds a bridge between classical content-based approaches to narrative sources and the aesthetic study of religions as constituted by sensory and mediated practices. Studying stories in conjunction with the role that performative acts of storytelling play in the cultivation of the senses, the contributors explore the efficacy of storytelling formats in narrative cultures from ancient times until today in regions and cultures across the globe. Contributors are Stefan Binder, Arianna Borrelli, Markus Altena Davidsen, Laura Feldt, Ingvild S. Lid Gilhus, Dirk Johannsen, Jens Kreinath, Isabel Laack, Martin Lehnert, Brigitte Luchesi, Bastiaan van Rijn, Caroline Widmer, Annette Wilke, Katharina Wilkens. Jesus Is the Way, Truth, Life Michael Pietrzyk, 2020-08-19 If you cannot comfortably say with confidence that Jesus died for your sins and opens the door of salvation for you or that you deny Jesus then this book is for you So many Christians take Jesus for granted and so many people do not understand His torment and the suffering He endured for us We began a spiritual journey when we enter this world We have a natural body and a world full of responsibilities to challenge us on our journey We are influenced by many outside sources and personal interactions with our family members and friends Ultimately we make the most important decision of our life Do we believe in God and accept Jesus as our Savior or do we reject God and accept atheism When you

analyze the facts of the life of Jesus his loving teachings his horrible suffering death and miraculous resurrection you come to understand He did it for you Jesus is the Way the Truth and the Life His teaching brings light into your life Jesus is the gateway to eternal happiness when we leave this world Atheism with its evil influence wants to drag you down and have you reject God Atheists are in total denial about God Jesus supernatural experiences something from nothing and the wisdom in the formation of this universe and mankind Atheists want you to believe you will simply rot in the ground and accept life with no future hope If you are an atheist don't laugh at this thought and concern As a Christian I care for you and your soul That is certainly more than what the atheistic thinking has in mind for you Atheism under the influence of Satan offers you nothing but the door way to eternal conscious separation from God This book is a direct challenge to the thoughts and beliefs of the atheist I wrote this book with the hope it just might stir the mind of a non believer Then believing the Holy Spirit will do the rest *Encountering Mystery* Dale C. Allison, 2022-07-26

Despite widespread skepticism on the matter a significant number of people today have stories of religious experience moments of inexplicable terror or rapturous joy visions near death experiences of the afterlife encounters with angels heavenly voices and premonitions How should rationally minded people respond What would your reaction be if someone told you that one night while sitting alone she saw through the window a brilliant light descend from the sky until it was so large that it filled the room and that it radiated a feeling of pure love And what would you say if a friend confided that one night he woke up and could not move felt he was being suffocated and sensed an evil spirit in the room By default in the secular age we are skeptical about anything mysterious or supernatural More likely than not most people would respond to the stories above with embarrassment and concern about the person's grasp of reality or they would attempt to explain them away through rational or scientific means But the truth is that religious experiences like these are not as uncommon as they seem although talking about such experiences often is This is the case even in a faith tradition such as Christianity despite the Bible's numerous accounts of miraculous and mysterious happenings In *Encountering Mystery* noted biblical scholar Dale Allison makes the argument that stories of religious experience are meaningful and not to be marginalized and that we have a moral prerogative to lovingly engage with such stories regardless of whether we have had similar experiences Through a close look at phenomena such as moments of inexplicable terror or rapturous joy visions near death experiences of the afterlife encounters with angels heavenly voices and premonitions Allison shows how ordinary practices of faith need not be at odds with individual religious experiences Above all he enjoins us to be honest about the persistence of religious experience in a secular age and to make space for those who encounter mystery in their lives *Miracles, Angels & Afterlife* Peter Shockey, Stowe Dailey Shockey, 2014-07-01 A compelling account of years of spiritual investigations from the director of *Life After Life* the award winning documentary on near death experiences The stories of divine intervention in people's everyday lives continued to occupy Peter Shockey's thoughts even after his documentaries on the subject for Hallmark Channel and Discovery's TLC had been completed and

garnered awards and international acclaim In *Miracles Angels Afterlife* Shockey shares the most compelling accounts he has gathered during his years of spiritual investigations and offers profound insight into what the increasing presence of the divine in daily life can mean in this the first generation of the third millennium Beginning with his own personal story Shockey goes on to introduce others who relate their miraculous experiences ranging from visions of heaven to the presence of angels He then puts these encounters in an enlightening context as he explores striking patterns of divine intervention in human history as well as in the Bible In doing so he takes readers on an unforgettable spiritual odyssey that will change the way they look at the here and now and the hereafter
