Incandescence is the transformative book for our times taking us from a dark and hopeless state to an iridescent and wondrous awareness borne by loss and humility infused by a profound connection to the natural world and forged by love's indomitable spirit Sumner Matteson Author of *A Field Portraits of Wisconsin Naturalists* Empowering Leopold's Legacy Sixteen year old Clare Cooley is standing on an overpass thinking about jumping into the traffic below At her young age she has yet to kiss a boy but she is pregnant after being raped and faces a choice surrender to the darkness or rise above it Clare

Cooley's powerful and provocative memoir chronicles her journey from growing up in a dangerously dysfunctional family to becoming a self-made successful prolific artist. No one in her chaotic family noticed when she stopped attending school regularly at seven years old and she did not return until she was asked to teach in her twenties. Cooley's evocative stories follow her saga: hitchhiking with truckers, fasting alone for three days on a mountaintop, being one of the first females to work with the longshoremen on Lake Superior, innocently ending up in jail, nearly perishing at sea, and being deported from a country. Cooley fearlessly reflects on moments of great adversity and expanding epiphany, dealing with abuse, addiction, suicide, teen motherhood, misogyny, raising her damaged drug-addicted sister's children, and confronting her father about his violent crimes. Cooley writes eloquently and authentically about growing up a sensitive, free-spirited daughter of a brilliant but broken pedophile father and a gentle artist mother. Cooley charts her sojourn from her first home in a Quonset hut in the Arizona desert to bouncing around the country with her family, then leaving home at seventeen to travel the U.S. alone, sometimes living in a tent, a teepee, a car, and an abandoned building. Cooley reflects on the power of facing painful truths, expressing them, and healing. A deeply vulnerable narrative that explores transcendence through artistic expression, *Incandescence* is dark and luminous, personal and universal. Cooley chronicles the dark times in her life and how her focus on creativity helped her transform it into art. Cooley developed an arts curriculum that she taught to all grade levels, including universities and institutions, and created a career as a creativity coach, sharing what she learned about the capability of expression to transform adversity into advantage through art. Cooley's authentic voice shines through with heart and whimsy in her insightful illuminations of decades of prolific creativity, inner exploration, and meditations on what makes people happy. As evidence of her rise above darkness, Cooley's masterful art offers moments of serenity between chapters.

Families on the Edge Elizabeth Carpenter-Song, 2023-08-15 An intimate account of rural New England families living on the edge of homelessness, as well as the practices and policies of care that fail them. *Families on the Edge* is an ethnographic portrait of families in rural and small-town New England who are often undercut by the very systems that are set up to help them. In this book, author and medical anthropologist Elizabeth Carpenter Song draws on a decade of ethnographic research to chart the struggles of a cohort of families she met in a Vermont family shelter in 2009 as they contend with housing insecurity, mental illness, and substance use. Few other works have attempted to take such a long-term view of how vulnerability to homelessness unfolds over time or to engage so fully with existing scholarship in the fields of anthropology and health services. Research on homelessness in the United States has been overwhelmingly conducted in urban settings, so much less is known about its trajectory in rural areas and small towns. Carpenter Song's book identifies how specific aspects of rural New England, including scarce affordable housing, stock, extremely limited transportation, and cultural expectations of self-reliance, come together to thwart opportunities for families despite their continual striving to make it in this environment. Carpenter Song shines a light on the many high-stakes consequences that occur when systems of care fail and offers a way
