A Call to Action:

Regulate Use of Cell Phones on the Road

When a cell phone goes off in a classroom or at a concert, we are irritated, but at least our lives are not endangered. When we are on the road, however, irresponsible cell phone users are more than irritating: They are putting our lives at risk. Many of us have witnessed drivers so distracted by dialing and chatting that they resemble drunk drivers, weaving between lanes, for example, or nearly running down pedestrians in crosswalks. A number of bills to regulate use of cell phones on the road have been introduced in state legislatures, and the time has come to push for their passage. Regulation is needed because drivers using phones are seriously impaired and because laws on negligent and reckless driving are not sufficient to punish offenders.

No one can deny that cell phones have caused traffic deaths and injuries. Cell phones were implicated in three fatal accidents in November 1999 alone. Early in November, two-year-old Morgan Pena was killed by a driver distracted by his cell phone. Morgan's mother, Patti Pena, reports that the driver "ran a stop sign at 45 mph, broadsided my vehicle and killed Morgan as she sat in her car seat." A week later, corrections officer Shannon Smith, who was guarding prisoners by the side of the road, was killed by a woman distracted by a phone call (Besthoff). On Thanksgiving weekend that same month, John and Carole Hall were killed when a Naval

Composition and Grammar ENC1101 Editorial Board,2022-06-15 We live in a world of words The way we interact with our fellow humans is very often based on the language that always surrounds us whether it be the messages we send the news we read or the assignments we complete in classes that give us the education intended to lead us to success What might be the best way to navigate the complexity of language especially in a first year composition course This book addresses these issues by presenting lessons examples and student samples through an approach that is friendly conversational and realistic Created by actual instructors of composition at HCC this book includes many resources to guide composition students of different skill levels In depth overviews of reading writing and revising Engaging exercises that anticipate and address the most common errors of writers Actual student samples that provide the basis of class discussions and analysis With guidance that includes both theory and practice Composition and Grammar for HCC by HCC provides students with the skills they need for their educational goals their careers and their lives **Writing for College: the Eight Step Program to Writing Academic Argument Papers Using the Template Method** Rebecca Smith,2012-04-13 Writing for College the Eight Step Program to Writing Academic Argument Papers Using the Template Method is designed to help students who have been needlessly struggling with writing for their college classes because they fail to understand how college writing differs from other types of writings This book has two goals One to provide you the student with a template to follow in composing your own standard academic essay and two to explain how and why you should follow the process of producing original researched academic essays when trying to prove competency in English writing in colleges and universities You know how to write what you need are the rhetorical skills to help you write better This book can help

Writing Spaces 2 Charles Lowe,Pavel Zemliansky,2011-01-04 Volumes in WRITING SPACES READINGS ON WRITING offer multiple perspectives on a wide range of topics about writing In each chapter authors present their unique views insights and strategies for writing by addressing the undergraduate reader directly Drawing on their own experiences these

teachers as writers invite students to join in the larger conversation about the craft of writing. Consequently, each essay functions as a standalone text that can easily complement other selected readings in writing or writing intensive courses across the disciplines at any level. Volume 2 continues the tradition of the previous volume with topics such as the rhetorical situation, collaboration, documentation styles, weblogs, invention, writing assignment interpretation, reading critically, information literacy, ethnography, interviewing, argument, document design, and source integration.

Rules for Writers Diana Hacker, Nancy Sommers, 2011-09-16 A writing handbook that provides rules, guidance, tutorials, and exercises on the writing process, document design, clarity, grammar, punctuation, mechanics, argument, and research.

Writing Guide with Handbook Michelle Bachelor Robinson, Maria Jerskey, Toby Fulwiler, 2021-12-14 Writing Guide with Handbook aligns to the goals, topics, and objectives of many first-year writing and composition courses. It is organized according to relevant genres and focuses on the writing process, effective writing practices, or strategies including graphic organizers, writing frames, and word banks to support visual learning and conventions of usage and style. The text includes an editing and documentation handbook which provides information on grammar and mechanics, common usage errors, and citation styles. Writing Guide with Handbook breaks down barriers in the field of composition by offering an inviting and inclusive approach to students of all intersectional identities. To meet this goal, the text creates a reciprocal relationship between everyday rhetoric and the evolving world of academia. Writing Guide with Handbook builds on students' life experiences and their participation in rhetorical communities within the familiar contexts of personal interaction and social media. The text seeks to extend these existing skills by showing students how to construct a variety of compelling compositions in a variety of formats, situations, and contexts. The authors conceived and developed Writing Guide with Handbook in 2020; its content and learning experiences reflect the instructional, societal, and individual challenges students have faced. The authors invite students and instructors to practice invitational discussions even as they engage in verbal and written argument. Instructors will be empowered to emphasize meaning and voice and to teach empathy as a rhetorical strategy. Students will be empowered to negotiate their identities and their cultures through language as they join us in writing, discovering, learning, and creating. This is an adaptation of Writing Guide with Handbook by OpenStax. You can access the textbook as pdf for free at openstax.org. Minor editorial changes were made to ensure a better ebook reading experience. This is an open educational resource (OER) textbook for university and college students.
