

Why Would You Be Choosing an MLM in The First Place

MLM survival. Let's face it, the world out there is like a jungle. More particularly so in the MLM world. It would be easy to say, since it is that difficult, let's just forget about the whole MLM or network marketing deal in the first place (then this book would not be necessary at all). That action would be self-defeating.

There is good news for all of us. So let us instead start from a positive note.

The purpose of this book is not just about teaching you to choose the right MLM Company but also how, by being properly educated about the industry, you will be able to **receive benefits** from every opportunity you invest your time and money in. The information here will be completely generic and neutral. I am not endorsing any company over the other as there is no such thing as the perfect MLM but rather choosing an MLM that is **SUITABLE** for YOU!

Whatever your reasons may be, let us make a few assumptions about it before we proceed (or else you wouldn't pay for this E-book in the first place)

- (1) Making money
- (2) Saving money on products
- (3) Meeting new people
- (4) Growth and development

Making Money >>> Learn how to make money on internet

- (a) Looking for fast money
- (b) Building a long term business with money coming in long after you have "retired"
- (c) Investing in the product itself

For people looking for fast money, there are pros and cons to this kind of thinking.

Some people are **WELL TRAINED** salesmen. They have built the relationship with their clients, customers and all sorts of people. People trust what they say and will trust whatever they are selling. They may sell the product itself (sometimes, in large quantities), or they may sell the opportunity (the money making part of it) or both. Are YOU this kind of person?

Fast money is not impossible, but it **COULD** be for the short term only. Consider the facts that 80-90% of people in the world are **NOT** built for sales. If a salesman sponsors a non-salesman, would the non-salesman be able to do the same thing as his upline? Does that mean that I would spend most of my time looking for the 10-20% of sales types?
