Canadian Cultural Exchange / Échanges culturels au Canada Norman Cheadle, Lucien Pelletier, 2011-04-07 The essays in Canadian Cultural Exchange changes culturels au Canada provide a nuanced view of Canadian transcultural experience Rather than considering Canada as a bicultural dichotomy of colonizer colonized this book examines a field of many cultures and the creative interactions among them This study discusses from various perspectives Canadian cultural space as being in process of continual translation of both the other and oneself Les articles réunis dans Canadian Cultural Exchange changes culturels au Canada donnent de l'expérience transculturelle canadienne une image nuancée Plutôt que dans les termes d'une dichotomie biculturelle entre colonisateur et colonisé le Canada y est vu comme champ où plusieurs cultures interagissent de manière créative Cette étude présente sous de multiples aspects le processus continu de traduction d'autrui et de soi-même auquel l'espace culturel canadien sert de théâtre

The Publishers Weekly, 1923 **What's Going On?** Lawrence Grossberg, 2025-10-24 Exploring the backstory of contemporary political polarization What's Going On recognizes that simple stories of blame and uncontested stories of polarization prove themselves to be bad stories that produce bad politics This book argues that stories have increasingly become matters of affect rather than meaning instead of asking what stories mean we are likely to ask how they make people feel These stories are cultural tendencies that define the possibilities and limits of political action and behavior and the book tells its own story about how the stories of America's crises have defined our political culture as they struggle over questions of ideology identity and social belonging It lays out a theoretical position that recognizes the need for complicated stories and rigorous thought pointing a way forward out of the chaos seeking to repair the world and offer better stories and more humane political possibilities This work is a vital resource for students and instructors in sociology political science cultural studies media studies and communication in such courses as contemporary social theory contemporary political theory media politics and society and social movements and resistance

The book will be an important guide for activists organizers and community field workers and for anyone else who wishes to have a better understanding of the contemporary political moment and how to mobilize toward building a better future

Books Are Not Life But Then What Is? Marvin Mudrick, 2017-06-14 Books Are Not Life But Then What Is demonstrates how much Marvin Mudrick loved life and celebrated the dignity of life in literature It's helpful to be reminded now and then he writes that while novelists persist in their noisy betrayals of human dignity living has a longer history than reading and truth than fiction Mudrick insists on seeing authors and their characters as people and he describes and judges them as frankly as if they were living among us In this collection we meet heroes monsters and every shade of character in between Chaucer Pepys Rochester Boswell Jane Austen and Anne Elliot Dickens and Pecksniff Pushkin Tolstoy Kafka Edmund Wilson and many other novelists scholars and critics We get to know each of them so vivid are Mudrick's quotations and commentary Essay after essay demonstrates that good criticism can amplify both life and literature
