achieve their goal As the women begin relating to the men thrust into their new life they are also challenged to become more than they dreamed they could be Everywhere they turn there are new dangers Each of the women brings a unique perspective to their new world and each other The men in the story will soon realize that they should never underestimate a woman on a mission About the Author Margaret Lott was born in Sacramento California in 1948 She currently resides in Corsicana Texas with her husband and two dogs She is the grandmother of seventeen Margaret is a retired tax accountant She is finally able to pursue her lifelong yearning to write novels Torch ,1997 *China Station* Mark Felton,2013-09-02 The Author who lives in Shanghai sets out to demonstrate that the British military has been at the forefront of many of the great changes that have swept China over the last two centuries He devotes chapters to the various wars military adventures and rebellions that regularly punctuated Sino British relationships since the 1st Opium War 1839 1842 This classic example of Imperial intervention saw the establishment of Hong Kong and Shanghai as key trading centres The Second Opium War and the Taiping and Boxer Rebellions saw the advancement of British influence despite determined but unsuccessful efforts by the Chinese to loosen the grip of Western domination The Royal Navys might ensured that by gunboat diplomacy trading rights and new posts were established and great fortunes made But in the 1940s the British grossly underestimated Japanese military might and intentions with disastrous results After the Second World War the British returned to find that the Americans had supplanted them The Communists victory in the Civil War sealed British and Western fates and while Hong Kong remained under British control until 1997 the end of British rule was almost inevitable But the handover was a masterly piece of pragmatic capitalism and the former Colony remains an economic powerhouse with strong British influence
