Key Concepts

The American government is a system of checks and balances. The three branches of government are the Executive, Legislative, and Judicial branches. The Executive branch is headed by the President. The Legislative branch is headed by Congress. The Judicial branch is headed by the Supreme Court. The system of checks and balances ensures that no one branch of government becomes too powerful.

The Emancipation Proclamation was a presidential decree that freed the slaves in the Confederate States of America. It was issued on January 1, 1863, during the American Civil War. The Proclamation was a turning point in the war, as it showed that the Union was fighting for freedom, not just for preserving the Union.
