

Monetary and Fiscal Policy Instruments

In this game, corresponding to previous discussion, you will decide on monetary and fiscal policy combinations using different market, the monetary transmission, and aggregate supply/cost-push demand relationships. Check which is best, answer the 7 questions, and explain the effects of the policies on real gross domestic product (GDP), the price level, unemployment, interest rates, and inflation.

1. The transmission mechanism process and its influence upon a question. The federal government adopted the new monetary instrument in spending. The independent (the Fed) representation (explanation).
