The Millionaire Maker Lecture J. Earl Shoaff,2022-07-20 I m going to lay down a simple basic way and you can have anything material you want to have and you can be anything you want to be and it s a simple basic situation There s absolutely no problem to it These are scientific things that work every time if you will do it in a simple way Now the first thing we want to become aware of is we want to be like farmers We are going to plant seeds and these seeds that we plant are the seeds that we re going to reap Now we re all aware that if we plant a seed of tomatoes we are not going to get cucumbers we re going to get tomatoes If you plant a watermelon seed you re not going to get grapefruit You re not going to get radishes If you want radishes folks you re going to have to plant radish seeds And when you plant a seed in the earth you must plant it properly If you do not plant it properly you will not have the harvest One of the major problems in our country today for the average person is they take the time and the effort to buy all the harvesting equipment but they do not understand the planting and the cultivating We want to reap harvest but we do not want to take the time to plant and we do not want to take the time to cultivate Now the planting of the seeds in the earth is basically and absolutely the same process that you use in the mental world We are born with a conscious mind and a sub conscious mind We are the only animal in the kingdom that have both the conscious and the sub conscious mind a mind that can decide anytime in life where we want to go or what we want or what we don t want We can decide with this accomplished mind of ours if we want to do a thing or if we don t want to do a thing We can decide if we want to eat or if we don t want to eat We can decide if we want a drink or if we don t want a drink We can decide what we want in life in a home in an automobile in the clothes we wear anything that we want in this world any type of furniture any type of a home any type of an anything We decide at anytime Now where most people are making mistakes is that they simply set their goals down Now what are your goals Write them down A fellow says I want a house a car some furniture I want some money And this is the way they set their goals
