The Obama Identity English Edition:

The Global Obama Dinesh Sharma,Uwe P. Gielen,2013-12-17 The Global Obama examines the president's image in five continents and more than twenty countries. It is the first book to look at Barack Obama's presidency and analyze how Obama and America are viewed by public governments and political commentators around the world. The author of Barack Obama in Hawaii and Indonesia *The Making of a Global President* Top 10 Black History Book scaled the globe to gather opinions, cultural, historical, and political analyses about Obama's leadership style. Writers, journalists, psychologists, consultants, and social scientists present their views on Obama's leadership, popularity, and many of the global challenges that still remain unresolved. As a progress report, this is the first book that tries to grasp the Obama phenomenon in totality as perceived by populations around the world with special focus on America's leadership in the 21st Century. **Obama and the Biracial**

Factor Andrew J. Jolivet,2012-02-01 Since the election in 2008 of Barack Obama to the Presidency of the United States, there have been a plethora of books, films, and articles about the role of race in the election of the first person of color to the White House. None of these works, though, delves into the intricacies of Mr. Obama's biracial background and what it means. *Obama and the Biracial Factor* is the first book to explore the significance of mixed race identity as a key factor in the election of President Obama and examines the sociological and political relationship between race, power, and public policy in the United States with an emphasis on public discourse and ethnic representation in his election. Jolivet and his co-authors bring biracial identity and multiraciality to the forefront of our understanding of racial projects since his election. Additionally, the authors assert the salience of mixed race identity in U.S. policy and the on-going impact of the media and popular culture on the development, implementation, and interpretation of government policy and ethnic relations in the U.S. and globally. *Obama and the Biracial Factor* speaks to a wide array of academic disciplines ranging from political science and public policy to sociology and ethnic studies. **President Barack Obama of USA** Festus S. Oguhebe, Festus Sunday

Oguhebe-Strongblood,2008 A conservative support for the candidacy of Barack Obama as the President of the United States of America. It proves why he is much better qualified than his opponents to lead America at this time in solving domestic and international problems facing the nation. A careful side-by-side analysis reveals that Obama has unique leadership qualities and management skills that set him apart from the bunch for use in strengthening and maintaining America's national security, domestic economy, and international relations. It shows that the man is truly Mr. USA and embodies in himself the love and compassion of Abraham Lincoln, the statesmanship and love of nation of John F. Kennedy, the toughness of Ronald Reagan, and the strategic and system-oriented acumen or process of Obama himself. In fact, the presence of the book in any home is an INSPIRATION to children and adults of all races. The book has become a collector's item, serving as an emblem of motivation and inspiration to children, youth, and all adults regardless of age or race. It projects a CAN DO and can become all you want to be spirit in all. That's why this book is embraced all over the world. Report to Congress of the U.S.-China
