The Literary Construction of the Other in the Acts of the Apostles Mitzi J. Smith, 2011-01-01 Too often the negative characterization of others in the biblical text is applied to groups and persons beyond the text whom we wish to define as the Other Otherness is a synthetic and political social construct that allows us to create and maintain boundaries between them and us The other that is too similar to us is most problematic This book demonstrates how proximate characters are constructed as the Other in the Acts of the Apostles Charismatics Jews and women are proximate others who are constructed as the external and internal Other *Cases Argued and Determined in the Court of Common Pleas and in the Exchequer Chamber from ... 1856 ...
