White Shark Adventures George J. Smit,2012-11-27 The Great White shark that is one of the most feared and completely misunderstood creatures in the ocean became part of my 38 years of free diving and spearfishing on the South African and Mozambique coast I had several encounters with this creature and not only the White shark but numerous of the other shark species were encountered during this time Since the White shark fascinated me and although I had some close encounters I never felt that this shark was a man eater but rather a curious creature wanting to inspect the unknown A swimming human kicking with the legs will attract a White shark and most swimmers are bitten on the legs All of this was motivation to start a cage diving operation to introduce the White shark to the many tourists that visit South Africa This book

was written to give people an insight into part of my experiences and also better understand the Great White shark
