The Meaning Of Sanctorum Communio:

The Meaning of Sanctorum Communio Stephen Benko, 1964 **The Meaning of the Doctrine of the Communion of Saints** John Corsham Vawdrey, 1904 Towards a Christian Theology of African Ancestors Thomas Ochieng Otanga, 2023-04-21 This book examines the similarities and relationship between Christian saints and African ancestors. Further, it analyzes the deep cultural roots of African peoples and the ancestral frame as a point of departure for developing an indigenous African theology. Questions dealt with include: Does the conversion of Africans to Christianity require a break with their African cultural heritage? Who is an African ancestor? Is syncretism a good thing for an African Christian? What contribution can the African church make to the universal church? The author argues that rather than being antithetical to formal Christianity, an African Christian theology of ancestors is an example of how an indigenous African tradition can best express Christianity as well as make considerable impact on world Christianity. *Naturally Human, Supernaturally God* Adam G. Cooper, 2014-05-01 *Naturally Human Supernaturally God* seeks to open a small window upon an interesting case of theological convergence between three of the most important theologians of the pre-Conciliar period of Catholic theology: Reginald Garrigou Lagrange, O.P., Karl Rahner, S.J., and Henri de Lubac, S.J., each of whom played a vital role in the Second Vatican Council. The differences between these three figures sometimes seem to run so deep as to defy resolution. Yet Cooper argues they were strangely united in a shared conviction: today's church urgently needs to renew its acquaintance with an ancient Christian theme: the doctrine of deification. The Apse Mosaic in Early Medieval Rome Erik Thunø, 2015-04-20 This book focuses on apse mosaics in Rome and engages topics including time, intercession, materiality, repetition, and vision.

Grassroots Asian Theology Simon Chan, 2014-05-02 A dynamic chapter of church history is now being written in Asia. But the theological inflections at its heart are not well understood by outsiders. Simon Chan explores Asian Christianity at its grassroots sustaining level and finds a vibrant implicit theology that is authentically Asian. More than a survey, this is a serious and constructive contribution to Asian theology. *That They May All Be One* Walter Kasper, 2004-01-11 Here Kasper outlines his vision for the unity of Christian Churches. Cardinal Kasper is a distinguished theologian who was a colleague of Cardinal Ratzinger, Karl Rahner, and Hans Kung at The Universities of Münster and Tübingen. Kasper now heads the Vatican's Council for Promoting Christian Unity with the specific task of fostering relations between the Catholic Church and other Christian Churches and Ecclesial communities. A man with an open mind, Kasper covers one of the major responsibilities of the contemporary Catholic Church. His perspective of the uniqueness of The Catholic Church and its magisterium is presented here as a modern inquiry into the nature of truth. His views are enlightening and engaging and reflect the important role of dialogue as understood by the Catholic Church, which also listens to other traditions and learns from them. Many will read it in the hope that the thought of this renowned open-minded Church leader may give hope to people of all traditions that they may learn to understand Jesus's injunction: they may be one. Communion of Saints in

Context Eric Trozzo, Weng Kit Cheong, Joeferick Ating, 2020 The communion of saints has been called a sleeping symbol within Christian churches often overlooked and poorly understood This is particularly true within the Protestant tradition which has too often uncritically rejected concepts and practices related to talking about the saints In this book Protestant scholars working in Asia and Oceania consider anew the tradition of recognising the community of saints by lifting up how it may be more effectively expressed in their local contexts Publisher *The Bride of Christ - A Metaphor for the Church*

Norbert Schnell, 2021-11-30 Lumen gentium the Dogmatic Constitution on the Church of the Second Vatican Council uses various images to speak about the Church This study is about the Church as the Bride of Christ Unlike the great images of the Church as the People of God and the Body of Christ the image of the Church as the Bride of Christ has never been extensively examined since the Second Vatican Council The current research is a biblical and systematic theological study of this image Its main question is what this metaphor can tell us about the essence of the Church and what its consequences are for the life of the Church today The Oxford Dictionary of the Christian Church Andrew Louth, 2022-02-17 Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the Christian Church is the indispensable reference work on all aspects of the Christian Church It contains over 6 500 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject from theology churches and denominations patristic scholarship and the bible to the church calendar and its organization popes archbishops other church leaders saints and mystics In this new edition great efforts have been made to increase and strengthen coverage of non Anglican denominations for example non Western European Christianity as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe In particular there have been extensive additions with regards to the Christian Church in Asia Africa Latin America North America and Australasia Significant updates have also been included on topics such as liturgy Canon Law recent international developments non Anglican missionary activity and the increasingly important area of moral and pastoral theology among many others Since its first appearance in 1957 the ODCS has established itself as an essential resource for ordinands clergy and members of religious orders and an invaluable tool for academics teachers and students of church history and theology as well as for the general reader **A Political Theology of Nature** Peter Scott, 2003-03-06 This book argues that the modern separation of humanity from nature can be traced to the displacement of the triune God Locating the source of our current ecological crisis in this separation Peter Scott argues that it can only be healed within theology through a revival of a Trinitarian doctrine of creation interacting with political philosophies of ecology Drawing insights from deep ecology ecofeminism and social and socialist ecologies Scott proposes a common realm of God nature and humanity Both Trinitarian and political the theology of this common realm is worked out by reference to Christ and Spirit Christ s resurrection is presented as the liberation and renewal of ecological relations in nature and society the movement of the Holy Spirit is understood as the renewal of fellowship between humanity and nature through ecological democracy and the
