

The Outsiders

by S. E. Hinton

Please answer the following questions on a separate sheet of paper.

Chapter 1

1. Who are the Socs? Who are the Greasers?

Socs - rich, madras, mustangs, East side

Greasers - poor, t-shirts and jeans, West side

2. How is Pony's relationship with Darry different from his relationship with Soda?

Darry is more like a father-figure to Pony. He loves him, but they argue a lot and he is hard on him. Soda and Pony are friends. He really understands Pony and they have a lot in common.

3. Why is the "gang" so important to Johnny?

He relies on them like family, because his father abuses him and his mother ignores him.

4. Do you think Darry loves Pony? Why does he treat Pony the way he does?

Yes, he does love Pony. He is hard on Pony because he doesn't want him to get in trouble because then the boys would be split up. He wants Pony to have a good life.

5. Explain what Pony means when he says, "I lie to myself all the time". Why do you think people lie to themselves?

He tries to convince himself something is truth. For example, he tries to convince himself that he doesn't care that Darry doesn't love him, but he does care whether or not Darry loves him.

Chapter 2

1. Who are Cherry and Marcia?

Two Socy girls Pony and Johnny picked up at the drive-in.

2. Why is it strange that Cherry and Pony get along so well?

Socs and Greasers shouldn't get along, but Cherry and Pony have a lot in common - sunsets, dreamers, school.

3. According to Two-Bit, what is a "fair fight"? Why don't Socs fight fair?

Designing Quality Survey Questions Sheila B. Robinson, Kimberly Firth Leonard, 2018-05-24 Surveys are a cornerstone of social and behavioral research and with the use of web based tools surveys have become an easy and inexpensive means of gathering data But how researchers ask a question can dramatically influence the answers they receive Designing Quality Survey Questions shows readers how to craft high quality precisely worded survey questions that will elicit rich nuanced and ultimately useful data to help answer their

research or evaluation questions The authors address challenges such as language preferences for standard demographic questions e g How to ask about gender creative question design to keep respondents engaged and avoid survey fatigue web based survey formats culturally responsive survey design and factors that influence survey responses memory social desirability etc Numerous examples of questions illustrate each identified principle of question construction **Instructor's Manual for Contemporary Business Writing, a Problem Solving Approach** Terry McNally,1986 **Missing May Lit Link Gr. 4-6** , *Sentencing Matters* Michael H. Tonry,1997 **Sociolinguistics of Writing** Theresa Lillis,2013-03-11 Brings the study of writing to the heart of sociolinguistic inquiry This book puts writing at the centre of sociolinguistic inquiry drawing on a range of academic fields including New Literacy Studies semiotics genre studies stylistics and new rhetoric The key question the book explores is what do we mean by writing in the 21 century Using examples from across a range of contexts the book argues that writing involving both old and new technologies is a pervasive and complex communicative feature of contemporary life The book is organised around the following areas The multimodal nature of writing The verbal dimension to writing Writing as everyday practice Writing as a differentiated semiotic and social resource Writing as the inscription of identity A range of analytic tools for analysing writing as text and practice are illustrated including genre register discourse and metaphor as well as notions which emphasise the mobile potential of writing such as genre chains networks literacy brokers and text trajectories This book seeks to redress the neglect of writing in the field of sociolinguistics by introducing readers to the nature and consequences of what it means to do writing in a globalised world How Gangs Work J. Densley,2013-04-11 Drawing on extensive interviews with gang members this book provides a vivid portrayal of gang life Topics include the profiles and motivations of gang members the processes of gang evolution organization and recruitment gang members uses of violence media and technology and the role of gangs in the drugs trade and organized crime Alienation From Schooling (1986) Peter Fensham,2018-01-17 Originally published in 1986 this book presents three full case studies of secondary school communities in Australia one city school in a working class area one community school serving a wide more rural area and a school with an academic tradition in the suburbs of a large city The material is drawn together to discuss and describe the issues revealed by the studies these include discipline boredom staff student relations and the relevance of school work to the outside world The book includes interviews with both students and teachers recording the reactions of students to the way they are being taught and their views on whether it is worth working hard at school when there is no certainty of a job at the end of it The philosophy of the teachers emerges in the interviews as do their views on the prospect of changing students attitudes from those acquired at home and on the need for vocational rather than academic courses What also comes out in the interviews is their realistic attitudes to their students future job prospects and their views on alternative courses which could prepare the pupils for life rather than for a specific job The book also includes an account of how the case studies were undertaken and reported The methodological chapters set out some of the dilemmas

and the possibilities in the study of such complex human situations **New Buddhist Movements in Thailand** Rory Mackenzie, 2007-01-24 The new Buddhist religious movements of Wat Phra Dhammakaya and Santi Asoke emerged in Thailand in the 1970s at a time of political uncertainty This book explores why they have come into being what they have reacted against and what they offer to their members Tourism and Sustainability Martin Mowforth, Ian Munt, 1998 Introduces students to the key concepts and challenges in this topical area by exploring and challenging the notion of sustainability and its relationship to contemporary tourism in the developing world *Social Identity and Working Class Support for the Populist Radical Right* Eric G. Castater, Kyung Joon Han, 2025-02-04 Why are blue collar workers increasingly supporting the populist radical right in Western Europe Previous explanations for this phenomenon suggest that it is the result of their economic and cultural grievances and their general discontent towards the political system Social Identity and Working Class Support for the Populist Radical Right argues that these explanations are unable to account for why the working class despite their deteriorating economic position in recent decades would prefer to vote for a party family that they agree with more on cultural issues the populist radical right than economic issues the populist radical or mainstream left To explain this puzzle the book develops a theory utilizing the literature on social identity It argues and empirically finds that political and economic conditions relatively unfavourable to the working class increase blue collar worker support for the populist radical right in Western Europe by strengthening these workers national identity and thus also the salience they place on cultural issues Castater and Han s analysis suggests that if governing parties desire to reduce support for the populist radical right they should incorporate labour organizations into the welfare state reform process enact economic policies that improve the well being of a broad swath of the working class and reduce the types of economic inequality that most affect blue collar workers Tourism and Sustainability Marti Mowforth, 2008 **Civic Medicine** J. Andrew Mendelsohn, Annemarie Kinzelbach, Ruth Schilling, 2019-07-30 Communities great and small across Europe for eight centuries have contracted with doctors Physicians provided citizen care helped govern and often led in public life Civic Medicine stakes out this timely subject by focusing on its golden age when cities rivaled territorial states in local and global Europe and when civic doctors were central to the rise of shared organized written information about the human and natural world This opens the prospect of a long history of knowledge and action shaped more by community and responsibility than market or state exchange or power A Complexity Theory for Public Policy Göktuğ Morçöl, 2013-05-02 Complexity theory has become popular in the natural and social sciences over the last few decades as a result of the advancements in our understanding of the complexities in natural and social phenomena Concepts and methods of complexity theory have been applied by scholars of public affairs in North America and Europe but a comprehensive framework for these applications is lacking A Complexity Theory for Public Policy proposes a conceptual synthesis and sets a foundation for future developments and applications In this book G ktu Mor l convincingly makes the case that complexity theory can help us understand better

the self organizational emergent and co evolutionary characteristics of complex policy systems In doing so he discuss the epistemological implications of complexity theory and the methods complexity researchers use and those methods they could use As the complexity studies spread more around the world in the coming decades the contents of this book will become appealing to larger audiences particularly to scholars and graduate students in public affairs The unique combination of synthesis and explanation of concepts and methods found in this book will serve as reference frames for future works

Ethnic Marketing Guilherme Pires,2014-12-05 A globalization process epitomised by historically large cross border population movements with rapidly improving networking and communication technologies has resulted in the growth of ethnic diversity across newly industrialised economies Instead of adapting to a dominant host country culture many ethnic minorities seek to preserve their identities both as diasporic communities and within their adopted countries For marketers it has been recognised as crucial to understand the unique needs of these individuals and to develop superior marketing strategies that meet their preferences Ethnic Marketing shows the rich opportunities that ethnic minority communities have to offer as well as offering instruction on the design and implementation of effective social and business marketing strategies The text offers practical guidance on assessing the needs of individual ethnic communities and a guide to marketing to these communities within various countries Since the publication of Pires and Stanton s 2005 book there has been continuing changes in the political social and economic environment in many countries which have growing ethnic minorities Incorporating new research across disciplines on the marketing relevance of ethnic minorities this book also integrates contributions and excerpts from in depth interviews conducted with leading marketing experts whose views and insights stimulate discussion and result in an invaluable guide to best practice in ethnic marketing across the world plus expert insights into the future of this dynamic area This is an excellent resource for researchers and advanced marketing students taking both postgraduate and undergraduate courses in marketing management or strategy as well as government marketing practitioners and businesses seeking ways to reach ethnic communities
