The Mirror Of Light Rodney Collin,2017-03-14 Written in 1955 by a mystic who fully understood The Fourth Way The contents of this book was way ahead Wayne Dyer and Eckhart Tolle and only now is it being fully understood The Mirror of Light From the Notebooks of Rodney Collin We live our life in a mirror everything is reversed When we see a scene it is received in the

brain reversed The rays go out cross and are received in reverse Reality exists in the place where the two lines cross if we can find it The same takes place in our thoughts we think that cause is effect and effect cause For us the physical is more real than the spiritual That which our senses perceive we call objective while all that is imperceptible to our physical senses we call unreal or imaginary We think sowing and reaping are essentially different and fail to understand that they are the same We regard birth and death as antitheses and have altogether forgotten that to die is to be born **The Century Illustrated Monthly Magazine** Josiah Gilbert Holland, Richard Watson Gilder, 1899
