Some will live forever as retreads: old souls implanted surgically in the empty bodies of the young. Voss Geraghty is a retread: a retiring government researcher who has been rewarded with a new body. What he wants out of his new life is fun, sex, and adventure. What he finds is disappointment. But there's a growing radical underground that sees the inequity in a society that allows the young to die so that the old may live on. *Alicia II* is the undisputed science fiction masterpiece by Robert Thurston.
