[by] McTaggart, Findlay, Parkin Judy Cowie, Christopher Findlay, Michael Parkin, John Snelling, Jane Harford, 1999 **Principles of Macroeconomics** Robert H. Frank, 2005 Market feedback tells us that relevance of the material covered clarity pacing and even a bit of show and tell will draw students into the text and provide the motivation to learn economics Frank and Bernanke *Macroeconomics Second Canadian Edition* addresses these needs by focusing on the following Active learning approach New concepts are introduced by means of simple examples usually numerical which are developed step by step in the text Many examples are followed by exercises that allow students to test their understanding The worked examples the show and tell put the theory into practice This system also includes exercises similar to the worked examples for students to practice on Solutions to the Exercises are found at the end of each chapter Economics reflect the real world Through the Economic Naturalist feature minicases students are encouraged to become economic naturalists who employ basic economic principles to understand and explain what they see around them These examples show students the relevance of economics to their world Core concepts are reinforced in the discussion of each of these minicases Additional Economic Naturalist examples are found on the Student web page and in the Instructor s Manual Core Principles A set of six core principles are integrated throughout the text to ensure that students develop a strong understanding of these core economic ideas Accessible text with electronic support The Online Learning Centre provides faculty and students with a comprehensive set of resources to engage student s in the study of economics **Principles in Macroeconomics** Robert H. Frank, Ben S. Bernanke, 2001-06-01 This brand new principles of macroeconomics text is the most exciting new entry in years Written by two well known and well respected economists Bob Frank and Ben Bernanke the text seeks to teach introductory students the core economic concepts the essence of economics without overwhelming them with details Principles of Macroeconomics presents the material in an intuitive way that avoids excessive math The authors introduce a well articulated short list of core principles reinforce them by illustrating and applying each principle in several contexts and then ask students to work

exercises to see what they've learned. The text seeks to create Economic Naturalists that is, after reading the text, students will ask and answer questions about their economic environment. For example, students will see Braille dots on drive-up ATMs and ask why they're there. Peppered with such thought-provoking examples, Frank and Bernanke not only engage students but teach them to see each feature of their economic landscape as the reflection of an implicit or explicit cost-benefit calculation.
