Sonic Unleashed Strategy Guide For Xbox 360:

The Video Games Guide Matt Fox, 2013-01-17 The Video Games Guide is the world's most comprehensive reference book on computer and video games. Presented in an A to Z format, this greatly expanded new edition spans fifty years of game design from the very earliest 1962's Spacewar through the present day releases on the PlayStation 3, Xbox 360, Wii, and PC. Each game entry includes the year of release, the hardware it was released on, the name of the developer/publisher, a one to five star quality rating, and a descriptive review which offers fascinating nuggets of trivia, historical notes, cross-referencing with other titles, information on each game's sequels, and of course the author's views and insights into the game. In addition to the main entries and reviews, a full color gallery provides a visual timeline of gaming through the decades, and several appendices help to place nearly 3,000 games in context. Appendices include a chronology of gaming software and hardware, a list of game designers showing their main titles, results of annual video game awards, notes on sourcing video games, and a glossary of gaming terms.

Sonic Chronicles: the Dark Brotherhood Kaizen Media Group, 2008-09-30 Presents a game guide to Sonic Chronicles the dark brotherhood, including an overview of the game, character sketches, and walkthroughs of each stage.

Jumping for Joy Chris Scullion, 2022-09-08 The platformer is one of the most well-loved video game genres ever, having entertained players for over 40 years. Jumping For Joy is a celebration of everything platform games have to offer, spanning their entire history. The first part of the book is a complete guide to every platform game starring Mario, Nintendo's mascot and the most popular video game character of all time. With nearly 80 games featured in this section, it's the definitive history of a true gaming hero. There are always two sides to every story, though, so the second part of the book focuses on every one of the 50 platformers starring Sonic the Hedgehog, Mario's former rival. After this, it's the book's main course: a huge 100-page section detailing 50 other iconic and notable platform games, covering the entire history of gaming from the days of the Atari 2600 and ZX Spectrum all the way up to the Nintendo Switch, PS5, and Xbox Series X/S. Whether you're a long-time veteran of platform gaming or a newcomer who wants to learn more about one of the most entertaining genres in video games, this is the perfect book for you. And there are some bad jokes in there too, if that's your thing.
