CCA Exam Unofficial Practice Questions for the Certified Crop Advisor (International) Exam Mike

Yu, Examreview, 2021-10-14 The Certified Crop Adviser CCA program of the American Society of Agronomy aims to provide a benchmark for practicing agronomy professionals in the United States and Canada. It is intended for those who spend the majority of their time advising growers or farm managers/operators on agronomic practices. This product includes 80 practice questions. We create these self-practice test questions module referencing the concepts and principles currently valid in the exam. Each question comes with an answer and a short explanation which aids you in seeking further study information. For purpose of exam readiness drilling, this product includes questions that have varying numbers of choices. Some have 2 while some have 5 or 6. We want to make sure these questions are tough enough to really test your readiness and draw your focus to the weak areas. Think of these as challenges presented to you so to assess your comprehension of the subject matters. The goal is to reinforce learning to validate successful transference of knowledge and to identify areas of weakness that require remediation. **B.R.
