LEED v4 BD&C EXAM GUIDE Gang Chen, 2015-06-26 Pass the LEED AP BD—they are helpful as reference manuals because of the easy-to-follow format. Definitely a keeper in my bookshelf for future project reference. Karen M. Scott: Great resource for studying for the LEED Exam. I have taken and passed the LEED AP BD/C exam and know what it takes. As this author says, it's not an easy exam, and he is right. What is critical to passing is having great teaching tools, and this book is one of them. He touches on every aspect of how to memorize data, how questions are formed, what to expect on tricky questions, the content the test writers are looking for, and every little detail you need to know when preparing for this exam. I highly recommend this author's books if you are serious about passing any of the LEED exams. Hopefully on the first try. S. Jennifer Sakiewicz: LEED BD—it gave me insight and knowledge on how credits are applied. Some questions in your book helped me answer ones on the test. Good book. I'll go through it once again when I appear for AP.
