Agile Information Business Natalia Kryvinska,Michal Gregus,2017-09-01 This book accomplishes an analysis of critical aspects of managerial implications on the business with information The business dealing with information is spreading in the service market and an efficient management of informational processes in order to perform successful business with them is now crucial Besides economical business technological or any other kind of information organized in a variety of forms can be considered as an informational product Thus creating a business value out of information is challenging but vital especially in the modern digital age Accordingly the book covers the methods and technologies to capture integrate analyze mine interpret and visualize information out of distributed data which in turn can help to manage information competently This volume explores the challenges being faced and opportunities to look out for in this research area while discussing different aspects of this subject The book will be of interest to those working in or are interested in joining interdisciplinary and transdisciplinary work in the areas of information management service management and service business It will also be of use to young generation researchers by giving them an overview on different aspects of doing business with information While introducing them to both technical and non technical details as well as economic aspects the book will also be extremely informative for professionals who want to understand and realize the potential of using the cutting edge managerial technologies for doing successful business with information services Macroeconomics Olivier J. Blanchard,1997 This book conveys the excitement of macroeconomics covering many of the main macroeconomic issues of the day issues often missing from other texts Its example rich approach provides a strong emphasis on the role of expectations the openness of modern economics and the role of dynamics *Reader's Guide to the Social Sciences* Jonathan Michie,2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines

political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense **Macroeconomics from the Bottom-up** Domenico Delli Gatti, Saul Desiderio, Edoardo Gaffeo, Pasquale Cirillo, Mauro Gallegati, 2011-04-18 This book arose from our conviction that the NNS DSGE approach to the analysis of aggregate market outcomes is fundamentally flawed The practice of overcoming the SMD result by recurring to a fictitious RA leads to insurmountable methodological problems and lies at the root of DSGE models failure to satisfactorily explain real world features like exchange rate and banking crises bubbles and herding in financial markets swings in the sentiment of consumers and entrepreneurs asymmetries and persistence in aggregate variables and so on At odds with this view our critique rests on the premise that any modern macroeconomy should be modeled instead as a complex system of heterogeneous interacting individuals acting adaptively and autonomously according to simple and empirically validated rules of thumb We call our proposed approach Bottom up Adaptive Macroeconomics BAM The reason why we claim that the contents of this book can be inscribed in the realm of macroeconomics is threefold i We are looking for a framework that helps us to think coherently about the interrelationships among two or more markets In what follows in particular three markets will be considered the markets for goods labor and loanable funds In this respect real time matters what happens in one market depends on what has happened on what is happening or on what will happen in other markets This implies that intertemporal coordination issues cannot be ignored ii Eventually it s all about prices and quantities However we are mostly interested in aggregate prices and quantities that is indexes built from the dispersed outcomes of the decentralized transactions of a large population of heterogeneous individuals Each individual acts purposefully but she knows anything about the levels of prices and quantities which clear markets in the aggregate iii In the hope of being allowed to purport scientific claims BAM relies on the assumption that individual purposeful behaviours aggregates into regularities Macro behaviour however can depart radically from what the individual units are trying to accomplish It is in this sense that aggregate outcomes emerge from individual actions and interactions *Macroeconomics Plus Myeconlab with Pearson Etext -- Access Card Package* Olivier Blanchard, 2016-05-23 NOTE Before purchasing check with your instructor to ensure you select the correct ISBN Several versions of Pearson s MyLab reinforce lessons from the models and help readers employ and develop their analytical and evaluative skills Personalize Learning with MyEconLab MyEconLab is an online homework tutorial and assessment program designed to work with this text to engage students and improve results Within its structured environment students practice what they learn test their understanding and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts 0134472543 9780134472546 Macroeconomics Plus MyEconLab with Pearson eText Access Card Package Package consists of 0133780589 9780133780581 Macroeconomics 0133860930 9780133860931 MyEconLab with Pearson eText Access Card for Macroeconomics *The Palgrave Companion to MIT Economics* Robert A. Cord, 2025-07-10 The

Massachusetts Institute of Technology has been and continues to be one of the most important global centres for economics. With four chapters on themes in MIT economics and 38 chapters on the lives and work of MIT economists this book shows how economics became established at the Institute how it produced some of the world's best known economists including Paul Samuelson Franco Modigliani and Robert Solow and how it remains a global force for the very best in teaching and research in economics. With original contributions from a stellar cast the volumes provide economists especially those interested in macroeconomics and the history of economic thought with an in depth analysis of MIT economics.

Macroeconomics Olivier Blanchard, 2006 Using words graphs and algebra Olivier Blanchard presents an integrated view of macroeconomics. All of the material included in this student text is presented within the context of real world applications. *Subject Guide to Books in Print*, 1993
