Sara E. Spruce, Professor of Education, Olivet Nazarene University. Use this research-based instructional model to meet students' achievement goals. As the achievement gap between advantaged and disadvantaged students gets wider, teachers and administrators need a proven process to help all students meet the requirements of NCLB. Offering an education model that has been field-tested with more than 50 school districts in the U.S. and Canada, this book shows school leaders how to maximize collaborative observation and other team leadership processes to integrate reforms into a school's existing culture.
