Banks, 2010-09-17 Corporate Compliance has changed and stricter guidelines now impose criminal penalties for activities that were previously considered legal. The and business judgment and rule that protected the decisions of officers and directors has been severely eroded. The Corporate Federal Sentencing Guidelines of the U S Sentencing Commission require an effective compliance program but even if you follow their requirements to the letter you won't really know if your compliance program works or if you have created a corporate culture that supports compliance. Now with the completely updated Second Edition of Corporate Legal Compliance Handbook you and I have help in creating a complete compliance system that complies with federal regulations and meets your specific corporate needs. Unlike the complicated or incomplete resources available today Corporate Legal Compliance Handbook Second Edition provides explanatory text and background material in two convenient formats print and electronic. It will help you identify the risks your company faces and devise a system to address those risks.
