Circus Maximus Andrew Zimbalist,2020-06-30 Beyond the headlines of the world's most beloved sporting events Brazil hosted the 2016 men's World Cup at a cost of 15 billion to 20 billion building large new stadiums in cities that have little use for them anymore The projected cost of Tokyo's 2020 Summer Olympic Games is

estimated to be as high as 30 billion much of it coming from the public trough In the updated and expanded edition of his bestselling book *Circus Maximus The Economic Gamble Behind Hosting the Olympics and the World Cup* Andrew Zimbalist tackles the claim that cities chosen to host these high profile sporting events experience an economic windfall In this new edition he looks at upcoming summer and winter Olympic games discusses the recent Women's World Cup and the upcoming men's tournament in Qatar *Circus Maximus* focuses on major cities like London Rio and Barcelona that have previously hosted these sporting events to provide context for future host cities that will bear the weight of exploding expenses corruption and protests Zimbalist offers a sobering and candid look at the Olympics and the World Cup from outside the echo chamber

Green Keynesianism and the Global Financial Crisis Kyla Tienhaara, 2018-04-17 It is widely accepted that limiting climate change to 2 C will require substantial and sustained investments in low carbon technologies and infrastructure However the dominance of market fundamentalism in economic thinking for the past three decades has meant that governments have generally viewed large spending programs as politically undesirable In this context the Global Financial Crisis GFC represented a huge opportunity for proponents of public investment in environmental projects or Green Keynesianism This book examines the experience of Australia Canada Japan Korea and the United States with Green Keynesian stimulus programs in the wake of the GFC Unfortunately on the whole the cases do not provide much optimism for proponents of Green Keynesianism Much less funding than was originally allocated to green programs was actually spent in areas that would produce an environmental benefit Furthermore a number of projects had negligible or even detrimental environmental outcomes While the book also documents several success stories the research indicates overall that more careful consideration of the design of green stimulus programs is needed In addition to concrete policy advice the book provides a broader vision for how governments could use Keynesian policies to work toward creating an ecological state This book will be of great interest to students and scholars of environmental politics environmental economics political economy and sustainable development

An Introduction to Penology: Punishment, Prisons and Probation Lawrence Burke, Dr Helena Gosling, 2022-11-23 An Introduction to Penology is a concise informative scholarly guide that will speak to a variety of audiences interested in how the notion of punishment plays out in community and custodial settings with people who have broken the law With a particular focus on prisons and probation the book provides an opportunity for readers to critically engage with the concept of punishment in theory and practice and consider different ways in which we as a society can respond to lawbreaking The text will allow students to pursue a more in depth study of two of the main criminal justice institutions through the lens of their organisational structures cultures service delivery and responses to the needs of minority and vulnerable groups Throughout the text students will be encouraged to critically engage with longstanding penological debates taking into consideration the theory policy and practice of punishment and will explore ways in which we can rethink penology on an individual and social level and begin to make a case for social justice rather than criminal justice

This innovative and contemporary text is a must read for students studying criminology criminal justice penology and those interested in pursuing a career in either the prison or probation services Lol Burke is Professor in Criminal Justice and Dr Helena Gosling is a Senior Lecturer in Criminal Justice at Liverpool John Moores University **Spacewear** Barbara Brownie, 2019-01-10 Today we are living in the New Space Age where mass commercial space travel is almost within our grasp This otherworldly possibility has opened up new cultural images of space both real and fictional and has caused fashion design and spacesuit engineering to intersect in new exciting ways Spacewear traverses this uncharted territory by exploring the changing imagination of space in fashion and fashion in space from the first Space Age to the 21st century Exploring how space travel has stylistically and technologically framed fashion design on earth and how we need to revisit established design practices for the weightless environment Spacewear connects the catwalk and the space station This book draws together speculative fantasies in sci fi films such as Star Trek and 2001 A Space Odyssey with the engineered spacesuits Biosuit and the NASA Z 2 and with catwalk interpretations by the likes of Alexander McQueen Hussein Chalayan Andr Courr ges and Iris van Herpen While the development of commercial space agencies has led to new concerns for style in garments for outer space that re think fundamental design principles such as drape high fashion has experimented with new possibilities for weightlessness that extend far beyond the 1960s vision of Space Age metallic fabrics and helmet style headwear Brownie takes the reader on a fascinating journey from fantasy to function and to form deepening our understanding of this new category of fashion that is prompting new approaches to garment design and construction both on earth and in outer space **The Parliamentary Debates (Hansard)**.
