Advancing Africa's Sustainable Development Alain L. Fymat, 2018-11-14 While many African countries lag behind the rest of the industrialised world in scientific and medical research and development the situation is progressively improving This is why the Society for the Advancement of Science in Africa was established to contribute to economic advancement and sustainability through science research education and innovation This book provides a selection of papers from the Advancement of Science in Africa's fourth annual conference The conference was held under the overarching theme of science technology and innovation in Africa with several important sub themes including but not limited to improving health research and disease surveillance education collaborating in research responding to epidemic diseases with high mortality in Africa and promoting women's interest in science careers The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science technology and innovation in Africa

Regionalization of African Higher Education Jane Knight, Emnet Tadesse Woldegiorgis, 2017-04-17 Growth in the scope scale and importance of higher education regionalization should not be underestimated or ignored Africa like Asia Europe and Latin America is promoting deeper cooperation among higher education bodies and institutions across the continent and focusing more attention on Pan African and sub regional harmonization of policies and programmes This is the first book which brings together diverse scholars and policy experts to examine key aspects and challenges of African higher education regionalization Chapters examine the progress and prospects of core regionalization issues and strategies such as academic mobility quality assurance recognition of qualifications research centres and networks curriculum and competencies and regional academic programmes Other chapters discuss important themes such as the relationship between regionalization internationalization and Africanization historical antecedents and perspectives an analytical model to understand functional organizational and political approaches to Africa's higher education regionalization and the influence of the Bologna process on the African Union's Strategy for the Harmonization of Higher Education Programmes Together these chapters provide a comprehensive overview of efforts by the African Union sub regional higher education associations such as IUCEA SARUA and CAMES Pan African organizations and actors key research networks and centres of excellence and the involvement or dependence on external actors and funders especially from Europe Fundamentally the book asks the question whether higher education regionalization in Africa is more rhetoric than reality It discusses the progress to date on specific themes identifies historical political sustainability and funding challenges and concludes that while the impacts of regionalization efforts have not been fully realized there is cautious optimism for the future

The Report: Kenya 2016 Oxford Business Group, 2015-12-15 The Kenyan economy performed comparatively well in 2015 even in the face of global economic headwinds According to the World Bank GDP growth is expected to reach 5.4% for the year aided in large part by sustained public sector capital spending The country has

a strong private sector and received encouraging signs of new oil gas and water reserves which if harnessed appropriately bode well for future growth The country s medium to long term economic outlook is robust With over 40% of the population under the age of 15 Kenya stands to benefit from a significant demographic dividend provided that sufficient jobs can be found when this population enters the workforce The country has a reasonably sized industrial base competitive infrastructure and a large agricultural sector all of which offer opportunities for capital intensive investment Global report on the state of dietary data Food and Agriculture Organization of the United Nations,Intake - Center for dietary assessment,2022-03-09 Diet and nutrition are critical to health well being and longevity The economic and health burdens associated with poor quality diets are a worldwide concern but for low and middle income countries LMICs the long term impact of these burdens has the potential to be especially devastating Many of these LMICs are currently grappling with the deepening multiple burdens of malnutrition with undernutrition nutrient inadequacies and overweight and obesity often presenting simultaneously in communities households and even in single individuals Time relevant data is a necessary and critical component of any process or initiative that aims to ensure healthy diets Robust data on what people eat in a country enables an understanding of current food consumption practices and provides an evidence based foundation for the design and implementation of targeted and well informed actions policies and messaging to address the key issues related to healthy eating The purpose of this report is to take stock and celebrate the collection and use of dietary data in LMICs and generate further momentum for investment in government led dietary surveys in LMICs Section 1 provides a global overview of dietary surveys carried out in LMICs from 1980 through 2019 analysing key characteristics and trends over time Section 2 celebrates the increased investment in dietary surveys in LMICs by highlighting country stories related to dietary survey initiation implementation and data use Section 3 is aimed at generating further momentum for investment in government led dietary surveys in LMICs by illustrating through data visualizations the type of information dietary data can provide for policy makers

Cultural Impact on Conflict Management in Higher Education Nancy T. Watson,Lei Xie,Matthew J. Etchells,2018-07-01 Cultural Impact on Conflict Management in Higher Education shares information regarding conflict management and resolution in higher education from a global perspective In this book we introduced many conflict resolution methods from different regions in the world You can borrow some successful strategies and examine the differences and similarities between contexts The book shares a conflict resolution model which may direct the reader to start thinking about addressing and managing conflicts from different levels of organizations This book is a collective work of authors coming from all over the world We chose higher education as the context because it is a place where diverse thoughts perspectives and people come together Because of the potential richness of diversity on a college campus the opportunity for conflicts occurs Managing conflict does not work when there is a one way only approach model for addressing conflict Some conflict resolution encompasses multiple dimensions a one s personal beliefs or beliefs about an

issue b an individual s personal history in terms of how the conflict was perceived as something to be discussed or not c work culture of the conflict where if one has a conflict the person or unit is messing up or there is a problem person d the unconscious strategies of face saving trying to maintain one s image present e social hierarchies or relationships and f the diversity dimensions and issues that may be present
