Hedge Funds H. Kent Baker, Greg Filbeck, 2017-07-26 Hedge Funds Structure Strategies and Performance spans the gamut from theoretical to practical coverage of an intriguing but often complex subject and provides insights into the field from leading experts around the world Sentiment and the Effectiveness of Technical Analysis David M. Smith, 2017 This paper presents a unique test of the effectiveness of technical analysis in different sentiment environments by focusing on its usage by perhaps the most sophisticated and astute investors namely hedge fund managers We document that during high sentiment periods hedge funds using technical analysis exhibit higher performance lower risk and superior market timing ability than non users The advantages of using technical analysis disappear or even reverse in low sentiment periods Our findings are consistent with the view that technical analysis is relatively more useful in high sentiment periods with larger mispricing which cannot be fully exploited by arbitrage activities due to short sale impediments
