

FCAT Achiever's! Improving FCAT Performance for At Risk Students

Project Abstract

The Winter Haven Schools, in Winter Haven, FL is seeking a grant to expand our FCAT Achiever's program with the objective of helping all of our at risk students increase their over all FCAT skills and to function at grade level using the same classroom textbooks and materials as their peers. The objective is that by the end of the year the students will have at least doubled their reading speed, math comprehension, science comprehension, language comprehension, and will have improved their FCAT skills by one to two grade levels. The FCAT Achiever's program is based on the latest research on effective FCAT instruction. Funding in the amount of \$17,869 is requested for staff training and to purchase the required software and hardware for the school's resource room.

Statement of Need

Winter Haven Schools has 342 students, of which 59 have been determined to be at risk in their FCAT performance for a variety of reasons including learning disabilities, such as attention deficit disorder (ADD) and dyslexia, or other economic and language-based difficulties. Winter Haven Schools is eligible for Title I funds and if these students are not given an opportunity to improve their FCAT skills they are, as studies show, more likely to be truant and drop out of school.

Program Description

The Winter Haven FCAT Achiever's project will enable at risk students to improve their FCAT skills through utilization of five computers equipped with scanners and assistive FCAT software. Students using this innovative FCAT system will be able to utilize all their classroom materials, including textbooks providing them access to the general curriculum. The students will increase their reading speed, math comprehension, & language comprehension which will help them obtain classroom subject proficiency. Included in the FCAT Achiever's project will be a day of training for the FCAT specialist and classroom teachers on the features and use of the Sunshine State Standards Mastery Program.

Sunshine State Standards Mastery Program

The Study Island Sunshine State Standards Mastery Program is specifically designed to help students master the content specified in the Sunshine State Standards. Study Island's focus on the Sunshine State Standards enables students to improve their performance in all skill areas tested on the FCAT in grades 3 through 12. Study Island also offers Math and Reading Skills for Kindergarten through 2nd Grade, Fine Arts, Health, and Technology for Elementary and Middle School, and High School Algebra II Skills Mastery products.

The user-friendly interface allows students to move through the program step-by-step. Each section has a pre-test and a post-test, as well as topics that cover each of the Sunshine State Standards. Topics consist of questions, answers, explanations, and lessons that address the specific skills required in order mastering the Sunshine State Standards.
